

Home Builders In WA Offer Display Homes For Investment Opportunity

Commodore Homes, home builders in Perth, are encouraging investors to view their display homes in Perth as potential purchases.

PERTH, AUSTRALIA, May 26, 2014 /EINPresswire.com/ -- [Commodore Homes](#) has made a range of [display homes](#) available to investors. The homes are located both North and South of the river in some of Perth's most in-demand areas, and feature a 7% lease back.

"Our display homes offer several advantages to investors. These are high-quality, brand new homes that have never been lived in. Investors know they are getting a great product. After the property has been purchased, it can then be leased back to Commodore Homes with an average 7% lease back," said [Mark Anderson](#) Commodore Homes General Manager (www.commodorehomes.com.au).

Display homes are popular investment options, offering the following benefits:

- Regular monthly payments.
- Negotiable returns.
- Secure tenant.
- Top-quality homes that are fully maintained to display home standard.
- No management fees.

"Display homes make a great investment or a way to get into a new home without the construction time. I encourage anyone who has been thinking about investing in one to give us a call today and see what we have available. These are all 3 and 4 bedroom homes in many of our most popular designs," noted Anderson.

- The Bonneville in Ellenbrook.
- The Castellet in Hillbert.
- The Fernley in Harrisdale.
