

# Tradier Brokerage Inc. Announces OptionVue is Now Trading Through the Tradier API

*Leading producer of options analysis and Trading Software, OptionVue is now trading through the Tradier API.*

CHARLOTTE, NC, USA, May 29, 2014 /EINPresswire.com/ -- [Tradier Brokerage](#) Inc. today announced the connectivity of [OptionVue](#) software with the Tradier [API](#). With the availability of this integration, retail investors can now Trade Options from within the OptionVue Software.

OptionVue has been known for its Options Analysis and Trading Software for over 30 years. Built around professional-level analytics and modeling, it integrates real-time quotes, historical data, charting and portfolio management. OptionVue lets traders quantify, visualize and react to changes in the market. OptionVue and Tradier Brokerage account holders will now for the first time have the ability to trade and send orders directly from within OptionVue. Retail investors now have the best of OptionVue software and execution at low commission rates offered by Tradier Brokerage.

"One of the key aspects of our growth strategy is the focus on options traders. With the integration of OptionVue to the Tradier API, we are very excited that the Tradier is able to better serve the option trading community" said Peter Laptewicz, President Tradier Brokerage. "This is a significant milestone for Tradier Brokerage as we are excited to be able to support advanced options products like OptionVue."

"By teaming with Tradier Brokerage and its world class API structure, OptionVue clients can now have a seamless experience from trade idea to execution" said Len Yates, CEO and Founder of OptionVue.
