Winning the Talk of the Town Award is a source of pride for the team at Flanders [Pediatric Dentistry](#). "It is an extra assurance for our patients that they are in the best hands," says Edward M. Sonnenberg, D.D.S, owner of the practice.

The practice reached such high levels of patient satisfaction by always putting the patients first in every aspect of care. "Excellent customer service means great communication between staff and patients," says Dr. Sonnenberg. "We are always here to listen to parent questions and concerns."

Recognizing the importance of establishing good dental hygiene practices early on in life, Flanders Pediatric Dentistry places a high priority on putting patients at ease to ensure a good experience every time. "Our office mission is to produce a confident, enthusiastic pediatric dental patient who grows into a confident, enthusiastic adult dental patient," says Dr. Sonnenberg.

"A play area with video games, toys and books as well as a general welcoming reception area makes the children feel at ease and oftentimes even excited to visit our office," says Dr. Sonnenberg. "In addition, we use no physical restraints on our patients, as some other pediatric practices do. With both male and female doctors, we are able to make the majority of our

younger patients (under age three) comfortable."

The staff members have been instrumental in achieving high patient satisfaction marks. "Our staff is trained and skilled, and we strive to provide energetic and fun-loving service to each patient," says Dr. Sonnenberg. "We recognize that every patient has different needs, and we pride ourselves in the courteous service we deliver to each of our patients."
