

GetAwayGrey, An All Natural Vitamin Product To Reverse Gray Hair, Announces Major Savings Offer

Company Promotes Limited time offer—Buy 3 Bottles, Get 3 Free.

CHARLESTON, SC, USA, June 5, 2014 /EINPresswire.com/

-- [GetAwayGrey](#), an all natural vitamin supplement to [reverse the grey hair](#), based on scientific findings, recently launched a limited time special offer where buyers can purchase three bottles and get three bottles for free, plus receive free shipping.

To take advantage of the offer, customers enter the coupon code "6for3" when ordering from [GetAwayGrey.com](#). The company hopes to introduce more people to this natural method of reversing grey hair.

Rather than using harsh and unhealthy chemical dyes to address grey hair, GetAwayGrey focuses on the processes inside the body that result in greying. Specifically, as people get older, they produce lower amounts of a substance called [Catalase](#), which breaks down hydrogen peroxide.

"GetAwayGrey is a completely different approach to addressing grey hair than what most people are used to," said Rob Duner-Fenter, CEO of GetAwayGrey. "It's an all-natural, proprietary vitamin formula containing the Catalase enzyme, proven to reverse gray hair".

Studies at the University of Bradford, in the UK, proved that grey hair is caused by the lack of the Catalase, which depletes as we age. GetAwayGrey naturally replicates and increases Catalase in our body, breaking down hydrogen peroxide, the culprit to gray hair.

GetAwayGrey contains not only Catalase, but a number of other natural ingredients that help ensure hair has all the nutrients it needs to be thicker and fuller.

The GetAwayGrey product is becoming an increasingly popular alternative to the inconvenience of home hair dyeing and the expense of professional hair coloring. The company hopes to reach new customers interested in a natural way of reversing grey hair with its Buy 3 Get 3 Free offer. Customers can learn more about the product and order using the coupon code "6for3" at
