

iSkinProducts.com Introduces Me My Elos Touch 200K for Professional Laser Hair Removal At Home

iSkinProducts.com now carries the newest 2014 version of the Me My Elos Touch with 200,000 pulses.

MONTCLAIR, CA, USA, June 10, 2014 /EINPresswire.com/ -- iSkinProducts.com is pleased to introduce the newest, Me My Elos Touch Shaver and Epilator , released in 2014 for safe and painless home hair removal now available for purchase.

[Me My Elos Touch 200K](#) is a unique and innovative device used and approved by dermatologists worldwide and clinically proven for effective home hair removal on a professional level. This revolutionary technology has a 200,000 built in quartz lamp cartridge that can last for years making professional at home hair removal safe, efficient and effective on all skin tones and hair color.

There is no need to travel to expensive clinics and waste precious time. Me My Elos Touch 200K is simple and comfortable to use. Using an easy gliding technique in just ten minutes legs are hair free and within only thirty-two minutes the whole body will be slick and hair free. Use the epilator and or shaver along with the laser treatment for safe and efficient hair removal and smoother skin.

All accessories are included in the kit - Precision unit, shaver, and epilator. The cartridges have a built in 200,000 quartz lamp which will last for years of successful and comfortable epilating! For just \$699.00 it's a solid investment.

[Me My Elos technology](#) was developed by scientists at Syneron. Using IPL and Intense Pulsed Light (IPL) combined with Radio Frequency (RF) energies Me My Elos not only removes the hair but effectively reduces regrowth for permanent hair reduction.

Me My Elos Touch 200K is easy to use , just turn on the me device, select your elos treatment

level from the three comfort settings then glide me over the selected treatment area. It is suggested to read the user guide provided for complete how-to-use information.
