

Blue-Pencil Information Security Launches Its Redesigned Website

Toronto's Blue-Pencil Information Security is pleased to announce the launch of their redesigned corporate website.

TORONTO, CANADA, June 11, 2014 /EINPresswire.com/ -- Blue-Pencil Information Security is pleased to announce the launch of their redesigned corporate website. Visitors to the newly designed website www.blue-pencil.ca will notice a site that is both more functional and interactive. The new Blue-Pencil website is responsive in design and will allow visitors to easily access product and service information from their desktops, tablets or smartphones.

Visitors to the new site will quickly notice how much easier the website is to navigate and obtain information.

With a few simple clicks, the process of submitting an online quote or receiving a complimentary security audit has been simplified. Blue-Pencil's mission is to consistently provide their customers with exceptional service in managing their valued information securely and efficiently. The new website is an extension of this dedication.

"We've based our business on listening to customers and addressing their needs. When they told us they needed access to information quicker, easier, and with less data load on their cellular phone plans, we changed our website technology to address the need. This is what we do well – listen, assess, and deliver a solution!" says Alex Stojkovic, Marketing Manager for Blue-Pencil.

Since 2004, Blue-Pencil Information Security has been helping businesses with document security all over the Greater Toronto Area. They offer comprehensive solutions for all document and data management needs including secure paper [shredding services](#), [digital scanning](#), and secure [document storage](#).
