

SheBoost: All Natural Fat Burner Designed For Women Takes Country By Storm.

With swimsuit season right around the corner women across the country are turning to this supplement designed specifically for the women's body.

MINNEAPOLIS , MN, USA, June 17, 2014 /EINPresswire.com/ -- Quynh (read her story below) discovered quickly that using an [all natural fat burning](#) supplement was needed in order for her to lose weight. Not only did she lose weight, she did it much quicker than she was planning!

Why use all natural supplements? Simple, majority of these supplements (such as [SheBoost™](#)) have virtually no side effects. One key ingredient to look for in these natural supplements is Beta-Alanine. Beta-Alanine is a beta-amino acid that has been studied for its benefits in enhancing exercise, performance, and results. When combined with breakthrough weight loss ingredients such as Raspberry Ketone, African Mango, Acai Berry, and other super foods, the results are amazing.

Read Quynh's Story: Before SheBoost™

"College is a time where a lot of people gain weight, and I wasn't an exception. In college, my diet was mostly instant ramen, boxed dinners, and whatever cheap restaurant deals were available that day (pizza, tacos, burgers, etc). By sophomore year I had reached a weight of 118 lbs. This may not seem like a lot to the average person but for someone with a small frame like myself (I entered college around 96-97LB's!), it was A LOT!

"I wanted a fresh start. So I started trying to eat cleaner while staying active with my job. I came across SheBoost™ while I was online one day and decided to give it a try. I had been thinking about adding a supplement into my regimen to give me that extra boost I needed."

My First Impressions

"My starting weight when I started taking SheBoost™ was just over 118Lbs. The first few days of taking SheBoost™, I noticed my cravings were significantly reduced and I wasn't feeling hungry as often. In addition, I got a nice boost of energy (similar to the boost coffee gives you in the morning but it lasted longer). I noticed this boost of energy helped me go the extra mile while I was serving and when I had time to go to the gym, which was rarely because of my job, I was able to go harder for longer! I also love that SheBoost™ contains natural Antioxidants and Vitamins that will further boost my health. It was an excellent addition to my lifestyle!"

"I honestly felt fantastic!"

Half way through

"By this time I had lost about 15Lbs! After a little over a month of taking SheBoost™, I wasn't as lethargic as I was before. My mood was more positive and I didn't get tired as easily. I was around 103 lbs. Although I didn't realize it then, my body AND my face had slimmed down. To be honest, I was so busy with work I didn't even pay attention to these changes (other than my weight since it was a number on the scale that was staring right at me haha). I will admit, that reduced number on the scale did make me feel pretty darn good about my progress!! =)"

The Final Results

"I couldn't be any happier with the results. I Lost 22 lbs in a short amount of time with no special diet and no intense exercise (besides my busy life, lol!)."

"As I stated previously, I started taking SheBoost™ as a way to enhance my health in addition to my daily regimen. I have been taking SheBoost everyday, almost religiously since I started. I didn't realize how much of an impact this supplement made until I was scrolling through some old pictures of myself on Facebook and found those Before Pictures. I WAS MORTIFIED!!! I had no idea I had let myself get that bad until I was able to get myself better. I immediately stepped on the scale and found that I now only weigh 96 lbs again!"

"If you are honestly ready for that change in your life, I definitely recommend this product. It has not only helped me physically, but also mentally and that is the best gift I have ever given myself. Best Wishes!"

The Science Behind SheBoost™:

SheBoost™ is a proprietary blend of all-natural ingredients formulated to help active women feel more energy and induce rapid fat burning. SheBoost™ was designed to help you get the most out of not only workouts, but everyday life.

With maximized doses of high-quality ingredients such as Beta-Alanine, Raspberry Ketones, Green Tea Extract, African Mango, and Acai Berry, SheBoost™ is the most effective thermogenic fat burner on the market specifically designed for women!

100 % Natural (This is very important)

Increase in energy without that "jittery" feeling

Thermogenic fat burners induce rapid weight loss and help maintain weight loss

Build lean, sexy muscle while burning fat

Increase stamina, meaning you can workout longer and with a purpose

Use SheBoost™ If You're Trying To:

Lose Weight From Those "Problem Areas".
Gain Lean Sexy Muscle (not that bulky muscle look)
Push Yourself Longer & Harder During Workouts
Tone Your Belly, Love Handles, Legs, Neck, Arms
Have More Energy Throughout The Day
Take One Pill For A Burst Of Energy In The Afternoon
