

Head Off On An Adventure In A New Jeep Wrangler From Northstar Chrysler Jeep Dodge in Redcliffe

Northstar Chrysler Jeep Dodge in Redcliffe has the 2014 Jeep Wrangler in stock and ready for test drives. Visit the dealership on Anzac Avenue to book a drive.

REDCLIFFE, QLD, AUSTRALIA, June 18, 2014 /EINPresswire.com/ -- No vehicle represents adventure better than the Jeep Wrangler. A [classic sport utility vehicle](#) for decades, the 2014 Jeep Wrangler continues that tradition with iconic Jeep styling and 4x4 capabilities. Northstar Chrysler Jeep Dodge is booking test drives of this ultimate adventure vehicle right now.

'Jeep Wrangler is a classic that never goes out of style. The 2014 model year retains all of the legendary Wrangler features that drivers love about the vehicle and combines those with modern touches like soft touch interiors, the Uconnect touchscreen system and Alpine speakers. It's an updated classic that is equally at home on-road as it is off-road,' said [Bob Aldons](#) of Northstar Chrysler Jeep Dodge in Redcliffe (www.northstarchrysler.com.au).

There are [three models](#) of the new Jeep Wrangler: Sport, Overland and Rubicon.

- Jeep Wrangler Unlimited Sport is the base model. It is available with a 6-speed manual or a 5-speed automatic transmission, features 17-inch aluminium painted sparkle silver wheels and includes a Sunrider easy-folding soft top.
- Jeep Wrangler Unlimited Overland is the ideal off-roading vehicle. A 4WD system, leather seating and a reverse camera keep drivers safe and comfortable on and off the road.
- Jeep Wrangler Unlimited Rubicon is the most versatile Wrangler. This model is well-equipped to handle off-roading adventures with either the state of the art Rock-Trac NV241 or manual, part-time, shift-on-the-fly transfer case. A Freedom fibreglass hardtop protects drivers from the elements and whatever the 17-inch wheels churn up.

Each model boasts 17- or 18-inch wheels, Jeep's signature off-road DNA system, a 3.6L V6 engine standard on the Sport and Rubicon models or an optional manual 2.0L Multi-jet engine.

Safety features protect drivers and passengers in the event of a collision and help drivers retain control of the vehicle in tough conditions. Advanced multi-stage driver and front passenger airbags and supplemental side seat-mounted airbags protect occupants from all sides. ABS, Electronic Stability Control (ESC) and Electronic Roll Mitigation (ERM) are standard on all models.

'I would encourage anyone who has never driven a Wrangler to come on out for a test-drive. There's something very freeing about driving a Wrangler with the top off and the feel of solid power underneath your feet is incomparable. They are fun vehicles to drive,' noted Aldons.

Visit Northstar Chrysler Jeep Dodge at 320 Anzac Avenue, Kippa-Ring 4021, Redcliffe, QLD to arrange a test drive of the Jeep in Brisbane or book a test drive online at www.northstarchrysler.com.au.
