

Airways Aviation Training Academy (AATA) launches ground theory courses in Dubai

Classes are planned to commence in Sept, 2014 and will provide foundation and tailored studies based on both Australian (CASA) and European (EASA) requirements

DUBAI, KNOWLEDGE VILLAGE, UNITED ARAB EMIRATES, June 19, 2014 /EINPresswire.com/ -- [AIRWAYS AVIATION TRAINING ACADEMY \(AATA \)](#) a subsidiary of the Airways Aviation Group will soon commence Aviation Theory and Aviation Foundation courses from its Dubai Knowledge Village facility with further opportunities for students to then go on to undertake practical Aeroplane or Helicopter flight training at one of the Airways Aviation Group bases in Australia, the United Kingdom or Montenegro.

Classes are planned to commence in September, 2014 and will provide foundation and tailored studies based on both Australian (CASA) and European (EASA) requirements and will cover off on subject matter including Aerodynamics, Navigation, Meteorology,

Human Factors, Flight rules and Air Law, Aircraft general Knowledge and Operations, Performance and Planning. Importantly, the Airways Aviation Training Academy curriculum will provide critical pathways for students interested in pursuing career opportunities as commercial pilots in the rapidly expanding global aviation industry. AATA will also offer specialised Aviation English courses and other language support services throughout the various study programs.

“

It is no secret that aviation industry is rapidly growing and that there is an increasing demand for well trained commercial pilots.

Romy Hawatt - Airways Aviation Global CEO

"It is no secret that aviation industry is rapidly growing and that there is an increasing demand for well trained commercial pilots. We feel this ground-breaking initiative will continue to cement Airways Aviation reputation as the leading global brand" said Romy Hawatt - Airways Aviation Global CEO.

Airways Aviation is the only Flight Training Academy in Australia, the UK and Montenegro that can offer Aviation

Theory and practical Flight Training in either Helicopters, Aeroplanes or both.

Dubai Knowledge Village serves over 6000 full time regional and international students as well as numerous part time and distance learners and boasts approximately 150 education & training institutions forming a well connected community of knowledge based educators. These institutions provide a unique learning environment and an invaluable pool of specialist training centres for students and working professionals alike.
