

# Test Drive The Newly Redesigned Jeep Cherokee At Brisbane Dealer Northstar Chrysler Jeep Dodge

*Drivers will soon be able to test drive the newly redesigned 2014 Cherokee at Brisbane dealer Northstar Chrysler Jeep Dodge in Kippa-Ring.*

REDCLIFFE, QLD, AUSTRALIA, June 19, 2014

/EINPresswire.com/ -- The 2014 Jeep Cherokee may look a little different but it's still undeniably Jeep. Fuel efficient and off-road capable, the Cherokee is the perfect choice for drivers who want a vehicle that can take them from work to off-road adventures and back again. Soon,

visitors to [Northstar Chrysler Jeep Dodge](#) will be able to see the Jeep Cherokee in Brisbane and [arrange for a test drive](#) of this popular SUV.

'The Jeep Cherokee is a consistent best seller. We don't expect the 2014 model to be any different. It's rugged enough to tackle the toughest terrain but comfortable and practical enough to drive in to the office every day. This versatility is one of its biggest selling points. It's a vehicle that drivers can take anywhere,' said [Bob Aldons](#) of Northstar Chrysler Jeep Dodge in Redcliffe ([www.northstarchrysler.com.au](http://www.northstarchrysler.com.au)).

The new Cherokee has three 4WD systems to choose from, including the Selec-Terrain System, which allows the driver to choose from five different traction control modes to meet road conditions such as snow, sand, mud or rocky terrain. The vehicle is smoothly powered by a 9-speed automatic transmission that is standard across the range and delivers some of the best fuel economy in the Cherokee's mid-size SUV class.

One of the most noticeable changes in the Cherokee's looks is the headlamps and tail lights. Smaller, but brightly lit with LEDs, both sets of lights help drivers see and be seen better than ever and fit right in with the sleek and sculpted looks of the Cherokee.

Over 70 active and passive safety and security features are available on the 2014 Cherokee in Brisbane. Adaptive cruise control, park assist, video sensors and multi-stage air bags all work to protect vehicle occupants from accidents and road emergencies.

Luxurious touches like Nappa leather heated seats add convenience and comfort for the driver, further enhancing driving pleasure. The award-winning Uconnect system controls nearly every aspect of the Cherokee interior from heating and cooling to sound and navigation. Voice-recognition technology makes using Uconnect safer than ever.

Northstar Chrysler Jeep Dodge expects to have the 2014 models in stock and available for test drives soon. Interested drivers can sign up to receive updates from the dealership at [www.northstarchrysler.com.au](http://www.northstarchrysler.com.au). The dealership is located at 320 Anzac Avenue, Kippa-Ring 4021, Redcliffe, QLD.

About Northstar Chrysler Jeep Dodge Redcliffe: Northstar Motor Group is Southeast Queensland's largest Chrysler, Jeep, and Dodge dealer. Serving the Brisbane auto market since 1968, the family-run company has grown to include five locations.
