

GCS Wins Medical Center Construction Consulting Contract in the Republic of Congo

The Polyclinique Edith Lucie has selected Europ Assistance - GCS to accompany the construction of its new medical medical center of excellence in Brazzaville.

PARIS, FRANCE, July 7, 2014 /EINPresswire.com/ -- PARIS, FRANCE - Europ Assistance - [Global Corporate Solutions \(GCS\)](#) has been awarded a consultancy service contract by the Congolese company "S.A. Polyclinique Edith Lucie" to support the construction of a new medical center of excellence in Brazzaville, scheduled to open in 2015.

The future "Polyclinique Edith Lucie" will be the medical center of reference in Congo's capital city and in the whole region, offering a complete healthcare solution comprising general and specialized medicine as well as a high-tech advanced surgery (including outpatient surgery). The new medical

“

GCS confirms its expertise in providing clinic set-up and management solutions globally, and especially in Africa thanks to its existing experience in the Republic of Congo, Chad, Angola, and Nigeria.

Emmanuel Légeron

center will be equipped with a state-of-the-art technical platform (operating theater, scanner, MRI, numerical x-ray, mammography, and laboratory) allowing the provision of complex medical treatment within a new, modern and welcoming establishment. Additionally, a maternity will include a 2 beds delivery room as well as a neonatal nursery. A pharmacy and a para-pharmacy will be opened 24/7. The new medical center will have its proprietary fleet of ground medical transport vehicles as well as a helipad for air-transportation to the clinic or to the airport in case of emergency evacuation.

Europ Assistance - Global Corporate Solutions (GCS) will accompany the whole construction phase of the medical

center. Acting as medical expert, IT and information systems specialist, advisor in the set-up of the patient's journey and international project management, GCS will play a key role in setting-up this new best-in-class healthcare solution in Brazzaville, guarantying access to international standards of medical care for national and expatriate populations.

For Mr. Emmanuel Légeron, Chief Executive Officer at Europ Assistance - Global Corporate Solutions: "More than ever, thanks to these partnerships, GCS confirms its expertise in providing clinic set-up and management solutions globally, and especially in Africa thanks to its existing experience in the Republic of Congo, Chad, Angola, and Nigeria".

Talking about the overall project, Mr. Ahmad El Hage, General Manager of Polyclinique Edith Lucie, said: "In compliance with the Congolese Government's national policy, this medical center will be an additional resource contributing to the improvement of populations' health and will allow to reduce the gap between the offer and demand of quality medical care in the Republic of Congo and bordering countries. I look forward to working with GCS to complete these objectives successfully".
