

A-PDF.com Adds Two New Mac PDF Merger and Splitter Tools to its Diverse Product Range

This is to announce the expansion of the A-PDF product range to include two novel Mac PDF tools - PDF Merger and PDF Split for Mac audiences.

HONG KONG, HONG KONG, CHINA, July 17, 2014 /EINPresswire.com/ -- A-PDF, an [affordable PDF tools](#) provider, is proud to present two new Mac PDF tools which are flexible and can merge and split PDF documents effectively with minimum difficulty for users. The company is recommended by a variety of users all over the world.

“Great program. Exactly what I needed. Works very fast. No problems and a great price,” says a user of the A-PDF merger, which gives new users the assurance that the A-[PDF Merger for Mac](#) will not disappoint.

The A-PDF Merger for Mac is a user-friendly PDF merging tool created especially for Mac OS. Using the Merger, customers can merge multiple images or Acrobat PDF documents into compact PDF files. The software has flexible merge methods which increase efficiency.

The A-[PDF split for Mac](#) is an application which splits large PDF documents and/or extracts necessary parts therein. The intuitive user interface allows users to split documents within seconds.

A-PDF tools are affordable and are helpful in the everyday life of users. All the tools can be downloaded and tried for free. New software and more discounts will be announced in the future.

A-PDF also offers opportunity for users to get a license at no cost: <http://www.a-pdf.com/blog-it-and-get-it-free.html>
