

FanXT Introduces Fantasy Soccer Commissioner for Premier League 2014/15

Fantasy Premier League Commissioner encourages fans to build their own EPL fantasy leagues for this 2014/15 season

LONDON, UK, July 17, 2014 /EINPresswire.com/ -- While Germany still celebrates their glorious victory in the recently concluded FIFA World Cup 2014, [FanXT](#), a fantasy sport company, announces the arrival of its commissioner platform for the upcoming Premier League 2014/15 season. Fantasy sport commissioner is something that the American fraternity of fantasy sport is very much familiar with but only now has any company seriously indulged itself into producing one that could match the gameplay of fantasy soccer.

Poster of EPL Fantasy Commissioner

This Fantasy [Premier League Commissioner](#) allows EPL fans to customize their own fantasy game with their own rules like total virtual budget, number of players you could trade (called transfers) each week and number of allowed players from the same EPL soccer team, all within a 3 minutes setup. These so-called Commissioners (or "commish" for short) could also change the salaries of each EPL players and allocate their own fantasy points for the 18 player statistics like goals, shots on goal, assists, yellow card, red card and more.

This commissioner platform is different from those available in the U.S because it allows for duplicated professional EPL players within the league, just like any other fantasy soccer games currently available. It also excludes the draft that is so loved by American fantasy sport fans. Instead EPL players are picked based on their salaries so that team owners do not exceed their overall budget (the salary cap).

Other than editing the gameplay, league creators could personalize their fantasy site with their favourite colour, logo, wallpaper image, and also their own domain name. They could even upload their sponsors' advertisement banners.

Best of all, FanXT is [offering this superb platform](#) for free to commissioners with not more than 10 friends playing in their league, but with limited features. Paying league owners enjoy full features if they choose to pay from \$9 per month to \$999 per month, depending on the number

of members they want to have.

To test drive this new fantasy commissioner product with a demo account, please visit the promotional website.
