

## UAV regulation debate drones on

*The 14th annual Unmanned Aerial Systems conference takes place on the 17th – 18th December 2014, London, UK*

LONDON, UK, July 18, 2014 /EINPresswire.com/ -- The Federal Aviation Administration is virtually at war with U.S. businesses trying to use small UAVs — unmanned aerial vehicles, or drones. The drone industry is frustrated, he said, "because they're ready to go. They're telling the FAA, 'Look, the United States is behind everyone else. We've got the technology and we're going to use it,' and the FAA is staying, 'You've got to slow down. We're not prepared to issue the regulations.'\*

Hear straight from the authorities about the current regulatory status regarding UAVs and where the industry is heading at the 14th annual Unmanned Aerial Systems [conference](#).

Hear from the Civil Aviation Authority who will discuss regulation in greater detail during their presentation focusing on the 'Roadmap to integration'. Presentation highlights include:

- Where are we now with regulation?
- Outlining the future of small and medium unmanned systems: what are the technical challenges?
- Future legislation plans for civilian airspace

Don't miss the chance to hear from a line-up of speakers including:

- Lieutenant Colonel Craig Palmer, Commanding Officer, UAS Branch Leader, 32nd Regiment Royal Artillery
- Major Geraldine Montgomery, Lead UAS Staff Officer for WATCHKEEPER, HQ Army
- Major Derren Smith, UAS Training and Doctrine, HQ Army
- Major Andy Taylor, SO2 UAS Plans, Capability Directorate Combat Support, HQ Army
- WO2 Haigh, UAS Trials and Development, HQ Army

A promotional poster for the Unmanned Aerial Systems 2014 conference. The poster has a blue background with a white drone in flight. The text on the poster includes: "Unmanned Aerial Systems" in large white letters, "17th - 18th Nov 2014" in white and orange, "Marriott Regents Park Hotel, London, UK" in white, and "www.uasconference.com" in white on an orange background. The SMI logo is in the top right corner. Below the poster, the text "Unmanned Aerial Systems 2014" is written in black.

Unmanned Aerial Systems 2014

- Daryl Ferguson, UMEX Maintenance lead, Unmanned Aerial Systems Technician, (NASC)Navmar Applied Sciences Corporation, Department of the Navy (NaValr 4.5x) Naval Air Systems Command
