

Ahern & Associates Continues to Lead Transport Industry in Mergers, Acquisitions and Client Satisfaction

PHOENIX, AZ, UNITED STATES, July 18, 2014 /EINPresswire.com/ -- Ahern & Associates has aided hundreds of buyers in the acquisition of trucking and logistics companies throughout the U.S. and Canada, as well as assisting many transportation and logistics companies in reducing their overall operating costs and increasing their profitability. Ahern & Associates continually rises above its competition, leading the industry not only in successful transportation mergers and acquisitions, but also in client satisfaction.

With 2013 having wrapped up as a challenging, yet overall successful year for the trucking and transportation industry, 2014 has had Ahern & Associates focusing more than ever on retaining its exceptionally high rate of satisfied clients.

Addressing client needs with aggressive interest, passionate involvement and unsurpassed expertise, the trucking and transportation management consulting firm continues to successfully bring clients the business experience and progress they are looking for when they hire Ahern & Associates.

Ahern's team of experts delivers a high level of success and accomplishment, as is evidenced by a recent letter to Ahern & Associates from a very satisfied client located in Arizona: "Responsive, quick thinking was the result of a great experience in matching me and my company to the qualified parties. The expertise that Andy Ahern and his staff have is unmatched. He knows EVERYBODY that's worth knowing in the transportation industry. He listens, and then moves based on his many contacts as to whom would be the best match out there for BOTH parties; a very important piece of this complicated puzzle."

The Arizona client continued, "Hiring the right firm to take you to your dreams is extremely important. Putting your business in somebody else's hands is no easy decision, but I am very happy to have met and become friends with Andy Ahern! I strongly recommend Ahern & Associates to make your dreams become a reality."

"When the transportation business was booming, times were great but, like other family-owned businesses, we didn't prepare for the economy the past year," said another client in Alabama. "My wife and I lost many hours sleep and made many calls to attorneys, banks, and whomever would listen to our story trying to figure out how we were going to save our business for our future and our children. Andy and his team has given us hope that there is light at the end of the tunnel and we are making progress, thanks again."

While Ahern & Associates, Ltd. was founded back in 1987, it continues to be one of the most professional and progressive transportation consulting companies in the United States. During this time, it has been involved in over 450 trucking and logistics mergers and acquisitions. Mr. Ahern attributes the company's success and growth to one absolute philosophy: "caring".
