

# Idaho Outfitter River Adventures Says Hells Canyon Jet Boat Day Trips Are Popular Summer Getaway

*River Adventures LTD, an Idaho outfitter says that despite its devilish name, taking a jet boat day trip in Hells Canyon is a slice of heaven in summertime.*

RIGGINS, IDA., USA, July 18, 2014 /EINPresswire.com/ -- One of the most popular summer day trips for Idaho outfitter River Adventures LTD is Hells Canyon, according to Rich Friend, owner of the busy company that provides jet boat tours and guided fishing trips from the Riggins, Idaho area.

Friend says that the [Hells Canyon jet boat tour](#) is one of the most popular excursions in the summer for River Adventures, followed by [Steelhead fishing](#) starting in the fall.

"Hells Canyon is the deepest gorge in North America. It's a magnificent place, and by far the most convenient and exciting way to experience it is in a jet boat right there on the majestic Snake River," he says.

According to Friend, the Snake River offers all kinds of summer recreational activities that can be packaged into one Hells Canyon tour.

"Our experienced jet boat pilots know the river like the backs of their hands and do a great job of bringing it to life for their passengers. They point out historical points of interest, stop at sandy beaches for sun and swimming, and even let anglers get in some fishing time on day trips," he says.

He also notes that [Sturgeon fishing](#) is tremendously popular in Hells Canyon, and River Adventures offers guided Sturgeon fishing trips.

"Sturgeon are sometimes called living fossils because they are so big and prehistoric looking," Friend says. "They are a protected species, so we abide by the catch and release laws for this majestic fish, but reeling in an eight foot long fish from our jet boat is an experience our

customers won't ever forget!"

He says making memories is what his company's jet boat river tours are all about.

"We take a lot of couples out on our day trips, but we also do larger groups like church groups, clubs, and scout troops," he says. "We can even do overnight trips and special charters."

"A lot of people like to do river rafting in the summer to experience Idaho's many great waterways, so we do provide jet back service for them, which consists of shuttling them back to their parked cars on our jet boats," he says. "Alternately, we can even arrange to shuttle the car from the launch point down to the pullout point."
