PERTH, AUSTRALIA, July 23, 2014 /EINPresswire.com/ -- [Commodore Homes](#) understands that homebuyers want a house that fits their lifestyle, their budget, and their personality.

That's why the homebuilders in Perth have created so many different home designs. The builder currently has over 35 standard floorplans for buyers to choose from so they can create the home of their dreams. Some of these floorplans start at just \$159,990.

"Every homebuyer has a different picture of the ideal home in mind and it's our job to design as many of those ideals as possible. So far, we're at 35 different floorplans, which means there's something for everyone - whether it's a new couple just starting out, an older couple downsizing, or a family in between those two stages," said [Mark Anderson](#) of Commodore Homes (www.commodorehomes.com.au).
