

Electrical Counter becomes Large Provider of Cable Accessories to Online UK Market

Based in Ashford, Kent, The Electrical Counter has become the UK's number one online marketplace for switches and sockets.

ASHFORD, KENT, UK, July 25, 2014 /EINPresswire.com/ -- Based in Ashford, Kent, The Electrical Counter has become the UK's number one online marketplace for switches and sockets. The company have a huge catalogue of products going into the 1000s. As well as switches and sockets, the company have a wide range of cable available. The cable that is available can be used for both domestic and commercial application. With this in mind, The Electrical Counter can offer customers a wide range of [cable accessories](#), all available under trade price.

The Electrical Counter place a large emphasis on providing the best brands in the industry under trade pricing for its customers. The company can provide some of the best brands for cable accessories. The brands which are available include Unifix, Norslo, BG (British General), King Shield, Niglon, Partex Marking Systems and Wiska.

The company can provide a wide range of cable accessory to fulfil all requirements. The cable accessories that are available to customers under trade pricing include cable clips, cable connectors, cable marking, cable ties, grommets/grommet strip, insulation tape and gel, PVC glands, sleeving, SWA glands & cleats and SWA underground kits.

Customers choosing to order cables accessories or any other electrical wholesale product from The Electrical Counter should be aware than in order to receive free delivery they must spend £90 on their order. The Electrical Counter recognises that those using their website in the UK will be seeking fast and efficient service. The company say that depending on stock availability, it is their aim to despatch all orders received before 2pm on the same day for delivery the next working day. Customers should, however, not that it is only possible when the goods ordered are available from stock and The Electrical Counter can never guarantee next day delivery.

However, if next day delivery is critical to a customer's needs then they are more than welcome to call The Electrical Counter on 01233 469228 to confirm any stock availability and that the

delivery requirements can be achieved.

The Electrical Counter provide 1000s of wholesale electrical products which are available for quick delivery under trade price.
