

US Healthcare Supply Supports North Hunterdon Football Team

US Healthcare Supply announces its sponsorship of the North Hunterdon Football Team

MILFORD, NJ, USA, July 29, 2014 /EINPresswire.com/ -- Go Lions! [US Healthcare Supply](#) is proud to sponsor the North Hunterdon High School football team, hailing from Clinton Township, NJ. [Jon Letko](#), president and owner of US Healthcare Supply, is an alumnus and former football player at NHHS and wanted to give back to his alma mater. "Being a part of the North Hunterdon football team helped to shape my exercise habits and thoughts about healthy living. What I learned on the football field those 4 years about motivation, dedication, and hard work greatly impacted me and influenced me to become the individual I am today. In turn, I want to show my support to the current players on the team and help make their experiences on the field as positive as mine were and to help motivate them on and off the field," said Letko.

US Healthcare Supply is working with new head coach Jarred Mazzetta to ensure that the team will receive what they need for a successful year. "On behalf of the North Hunterdon Football program, I would like to thank Jon Letko and US Healthcare Supply LLC for their support of the program. The players will benefit greatly from your generosity," said coach Mazzetta.

Letko's siblings share their brother's passion for staying healthy. Edward Letko, James Letko, and Anne-Marie Letko are also alumni of North Hunterdon and are supporters of the school's sports programs. Anne-Marie Letko was a part of the track and field program at North during her school years and eventually went on to become a two-time Olympic runner.

US Healthcare Supply wants to wish the North Hunterdon Lions a successful season and school year in the fall of 2014.
