

# Social Networking Top App Developers Releases a New App - HotSpot

*HotSpot is the amazing new social networking app that allows you to message anyone within 1KM away. Only released a few days ago, Hotspot is already picking up.*

LONDON/MAYFAIR, UK, August 4, 2014 /EINPresswire.com/ -- The world is now becoming mobile everyday with the use of smartphones taking over our lives. One particular mobile app its not just about socializing with anyone around the world but socializing with who's in your local area. It allows you to search for members who are in your local area up to 1 km away.

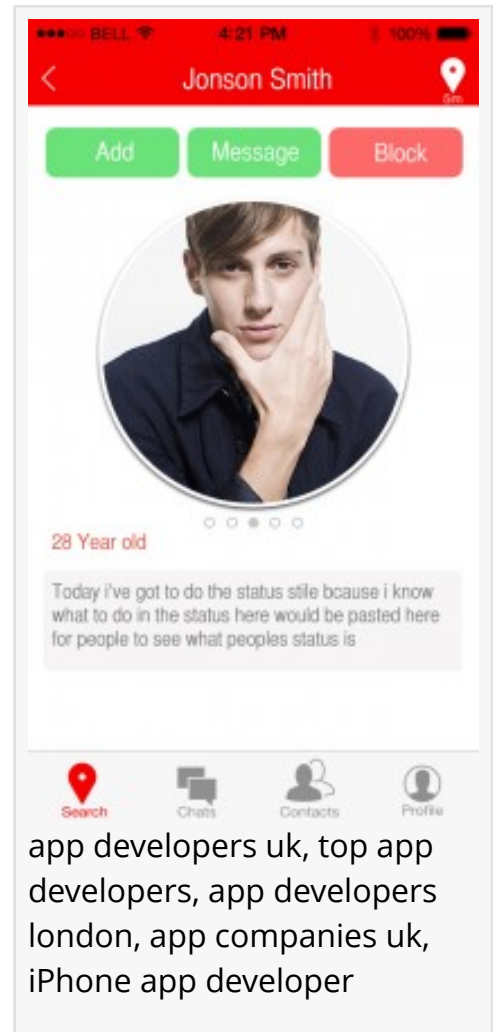

Hotspot is the new cool app where you can message, share and send images to people in your region. Top [App developers London](#) Sound Pipe Media have created another amazing social networking app for an entrepreneur Tony Collision. Tony's background is in traditional advertising and has now decided to leap into the big bad world of mobile apps.

Luckily enough he found the uk's [top app developers](#) Sound Pipe Media to develop his app. Working together they created a great app. There are only a few [app companies uk](#) that are specializing in app social networking apps. Sound Pipe Media is one of them.

As one of the top mobile app developers sound pipe media has released an app called Travel Buddies - <http://www.travel-buddies.com> and is working on singles badge - <http://www.singlesbadge.com>

There are many other apps in the pipeline for these guys.. Keep up to date from <http://thesoundpipemedia.com>

The Sound Pipe Media are 1 of the top app developers in UK according to sourcing line. They have created over 100 applications for the iOS and Android. They specialise in Luxury apps, games and social networking. <http://thesoundpipemedia.com>
