

# New Meitrack GPS Tracker on Display: ESS International Security Fair 2014 in Colombia

*Meitrack Group is attending the ESS International Security Fair in Bogota Colombia, where it will display the T333 GPS vehicle tracker along with other products*

COVINA, CA , USA, August 7, 2014 /EINPresswire.com/ --

There are a few trade shows that make an impact in the security industry and [ESS International Security Fair](#) is surely one of the top ones that does. The International Security Fair will be held August 20-22 in the beautiful city of Bogota, Colombia; There you can find some of the top security companies, manufacturers, and developers gathered under one roof to showcase their new ideas and products.

The ESS International Security Fair is expecting an attendance of 10,000 enthusiastic people coming from all over the world to see top companies such as Meitrack Group display their latest innovations. Many people are waiting to see Meitrack's anticipated release of the [T333 GPS](#) vehicle tracker, which is the first in the Meitrack line of GPS trackers to run on 3G networks. This has been one of the many new innovations that Meitrack has been working on thanks to client feedback and by the outstanding work of the research and development department.

Amongst the release of the T333 GPS tracker, there have also been modifications to other models, like the newly upgraded MVT100 GPS motorcycle tracker, which is now equipped with an Anti-Jammer which will activate an extra security function that will prevent the vehicle from being mobilized. Meitrack Group encourages everyone to stop by booth 406-505 to see the scheduled public release of the T333 and the other exciting innovations that they have scheduled.

Meitrack Group has been in business for over 10 years and it has become one of the top true manufacturers of GPS tracking devices in the world; With a state of the art factory and highly trained employees it truly is a powerhouse of the GPS tracking industry.
