WARRENVILLE, ILLINOIS, USA, August 12, 2014 /EINPresswire.com/ -- This Chicago area company is offering its customers free photo engravings with "Selfies" with their 24k gold rose purchases creating a unique, custom photo gift. Customers can select from several [special packages](#) offered for a limited time at www.LovelsARose.com. LovelsARose is the only company on the planet able to imprint a custom, personalized message onto a [24k gold rose petal](#).

The Selfies, which are self portraits taken with digital cameras or camera phones and shared on social networks, are imprinted onto heart-shaped metal charms and attached to the gold roses.

The eleven-inch high real roses -- which have long been a message of love for weddings, anniversaries, and birthdays -- have been hand-picked, carefully selected and preserved at the peak of their beauty, then trimmed in the precious metals. These precious metals are delicately applied, creating a flower that will last a lifetime. The new, special packages which include the free Selfies, valued at \$30, come with hand-cut crystal vases, custom stands with engraved message plates, or acrylic museum cases. LovelsARose.com will also imprint "Usies," as referred to by Howie Mandel on the recent America's Got Talent show, which is a picture of two or more individuals.

"We all have great moments in our lives that we will never forget, and it's the photos that we capture that truly help us remember the good times we have had. Now, our customers can have their special photo engraved onto a heart charm and pair it with one of our beautifully preserved roses. Not only will this help preserve that special moment, but when this unique gift is opened, it will be reborn and bring tears of joy," stated Sid Fey, CEO.

This real rose, preserved forever in 24K gold with personalized message on the petal and free photo selfie celebrates the occasion.

The real, preserved 24k gold flowers, which come in an array of colors and sizes, are available with crystal vases, or set in museum cases or shadow boxes with personalized message engravings. Custom messages can also be engraved onto the Heart Charms that hang from the bud of the flowers or onto engraving plates which then adorn the museum display cases or cherish boxes. In addition to the gold roses, LovelsARose.com also provides gold tulips, roses layered with copper, preserved lilies, orchids, and [family birthstone trees](#). "Our unique gifts make a 'wow' statement that celebrates our customers' special occasions," concluded Fey.
