WE'VE WRITTEN THE BOOK ON HOME OWNERSHIP!

PERTH, AUSTRALIA, August 13, 2014

/EINPresswire.com/ -- First home buyers in Perth have lots of questions and [WA Housing Centre](#) has the answers. The Perth-area homebuilder has created a guide that answers some of the most common questions that new homebuyers have about the home building and buying process. The eBook is free for download at the builder's website at www.wahousingcentre.com.au/home-ownership.

"There are so many questions that first home buyers have that we decided it would be helpful to put all the answers in one place. Buyers can download the eBook at home and look through it at their leisure. It helps them become a little more prepared for the home buying process and gives them the information they need to start making some financial decisions. It's a helpful, practical guide that's been very well-received," explained [Mark Anderson](#) of WA Housing Centre (www.wahousingcentre.com.au).

The eBook contains financial information for first home buyers such as qualifying for the \$10,000 First Home Owners Grant in Perth, assessing home finance options and securing a home loan, providing a deposit, and saving money on stamp duty. The book also gets into choosing the right home and land package for the buyer's budget and lifestyle.

"WA Housing Centre is the one-stop-shop for first homes in the Perth area. It makes sense that we would create something where first home buyers can get all of their questions answered in one place. In addition to the eBook we are including our First Homebuyer Checklist, which helps buyers understand the first few stages of building a home," said Anderson.

WA Housing Centre is serious about helping first home buyers become first home owners in Perth. The builder has several Home and Land Specialists on staff who work with first home buyers every step of the way. The Specialists work with the financing team at The Loan Company to help buyers determine a budget, secure a loan, and apply for grants. Once that's done, they help buyers choose a home design and pick out land, then guide them through the entire

building process. The relationship doesn't end once the keys are handed over either. WA Housing Centre remains accessible and responsive to their buyers long after they move in.
