

# IT Governance to attend The Future of Enterprise Mobility and Device Management 2014 Conference in London

---

*IT Governance has announced that it will exhibit at The Future of Enterprise Mobility and Device Management conference, London 9 September 2014.*

ELY, CAMBRIDGESHIRE, UK, August 20, 2014 /EINPresswire.com/ -- [IT Governance](#), the fast-growing cyber security services provider, has announced that it will exhibit at The Future of Enterprise Mobility and Device Management conference, which will be held in London on 9 September 2014.

Organised by the IMM Group, The Future of Enterprise Mobility and Device Management conference will see 400 senior private and public sector decision makers come face-to-face with the leading strategists and developers in this fast-growing field. The event will bring delegates strategic insights from the leading names in mobile device management.

Attendees can register here: <http://byod.psbeevents.co.uk>.

Alan Calder, founder and executive chairman of IT Governance, will deliver a presentation on 'Keeping employees happy, but secure'. The talk will include:

- An overview of the most disruptive mobile technologies.
- Do the advantages of BYOD outweigh the new security risks?
- Is it all about encryption or is there more to it?
- How security frameworks like ISO27001 and Cyber Essentials can help address the mobile challenge.

The IT Governance team will be on hand to provide expert advice on cyber security topics, with special emphasis on the newly launched UK [Cyber Essentials scheme](#).

The Future of Enterprise Mobility and Device Management conference will take place at One Drummond Gate in London on 9 September 2014.

To register for this event visit: <http://byod.psbeevents.co.uk>.
