

# Phoenix TS Named To Inc 5000 List Of Fastest Growing Private Companies

*Receives Honor for Second Year in a Row*

COLUMBIA, MD, USA, August 21, 2014 /

EINPresswire.com/ -- [Phoenix TS](#), the internationally acclaimed and award-winning computer training solution

provider, has been named to Inc. 5000's 2014 list of fastest growing private companies, Firoozeh Azarbaidjani-Do, co-founder and president announced today. "This is a great honor for us," said Azarbaidjani-Do. "It really shows that we have a great team and are a great resource for IT professionals around the world."

In making the announcement, Eric Schurenberg, President and Editor-in-Chief, Inc. Magazine said that only a tiny fraction of the nation's companies have demonstrated such remarkably consistent high growth, particularly in the difficult economic environment of the past few years. This achievement truly puts Phoenix TS in rarefied company. As an Inc. 5000 honoree, Phoenix TS now shares a pedigree with Intuit, Zappos, Under Armour, Microsoft, Jamba Juice, Timberland, Clif Bar, Pandora, Patagonia, and Oracle.

Azarbaidjani-Do continued, "We bring together the best resources, both technical and human, to help IT professionals keep ahead of developments in their field. For example, we're offering [CyberSec 2014](#), the four day training session for IT professionals, held October 14-17 during CyberSecurity month at the firm's headquarters in Columbia, Maryland. This will be the leading source of training in standards and protection. The training sessions will provide participants with the latest critical information they need to prevent dangerous security breaches such as this latest episode. The sessions will cover hands-on skills necessary for cyber managers, investigators, defenders and offensive hackers."

Founded in 1998, Phoenix TS provides quality customized and off-the-shelf, instructor-led technical and end-user training services around the world. The company's management has utilized its more than 30 years of combined experience in training and consulting to provide organizations like DISA, the U.S. Army and the U.S. Air Force with the most effective training possible. The company's instructors have also successfully trained more than 80,000 professionals from nearly every government agency and commercial corporation along with government agencies in foreign countries such as Korea and Germany.

Concluded Azarbaidjani-Do, "Without understanding the risks and taking the proper steps you could be at risk for dangerous security breaches that could wreak havoc on everything from companies and customers to power grids and financial systems. Don't miss our Cybersec 2014 training session where you can learn how to keep you and your organization safe."

Added Ben Tchoubineh, co-founder, Phoenix TS chief executive officer and CyberSec presenter, "Cybersecurity is one of the most threatening yet least understood issues of our day and we are proud to be recognized as a leader delivering the tools we all need to be secure."
