

SMi's 8th annual Mobile Deployable Communications conference takes place in Prague

Mobile Deployable Communications, 5th and 6th February 2015, Prague, Czech Republic

LONDON, UK, October 15, 2014

/EINPresswire.com/ -- SMi are delighted to announce the 8th annual Mobile Deployable Communications [conference](#) will take place in Prague on the 5th and 6th February 2015.

This must-attend event will address the key topics of CIS networks and tactical communications, C4ISR standardisation, interoperability across the global armed forces, operational experiences and future technologies.

The role of the communications systems has evolved hugely in the past 15 years and the issue of delivering the right capability not simply delivering capability right is essential.

The 2014 expert speaker line-up will include:

- Brigadier General Jan Kase, Director of CIS Agency, Czech Ministry of Defence
- Michael McCarthy, Director of Operations and Program Manager, US Army
- Colonel Jan van de Pol, Head of Systems, Applications, Training & Simulation, NLD Defence Materiel Organisation
- Major Aurel Sabo, Deputy Commander, Armed Forces of the Slovak Republic
- Giuseppe Curro, Head of Training Management, NATO Communications and Information Systems School
- Krasimir Yordanov, Chief IT & Security Branch, EU Military Staff
- Justin O'Neill, Area Marketing Manager, Comtech Systems
- Paul Hutchings, Capture Director, Thales

Benefits of Attending

- Discover strategies to overcome ever-present threats such as cyber attacks
- Hear about the potential of information superiority in European security & defence
- Listen to operational case studies, allowing you to develop your communication systems
- Evaluate and discuss the US Army Mobility Project
- Hear how the challenges of SOA - based communications in the tactical domain will effect ongoing operations from the Military Communications Institute

In addition don't miss the chance to attend two workshops:

Workshop A: Tactical Communications Overview

Hosted by: Dr. Clayton Stewart, Visiting Professor, University College London

Workshop B: Enabling SOA in the tactical domain

Hosted by: NATO STO Group - NATO IST -118

To secure your place & save £300, those interested are advised to visit the Mobile Deployable Communications [website](#) to register or contact the team on +44 (0) 20 7827 6000.
