INDUSTRY NEWS

The European Defence Agency (EDA) recently stated that Germany had become the 10th European Union nation to join EDA's program to pool and share purchases of commercial satellite bandwidth for military and government use...the nine existing program members had

placed 18 orders for satellite capacity valued at about 2 million euros (\$2.6 million)*.

Network with European Defence Agency who are confirmed to attend Global MilSatCom and hear about Germany's latest MilSatCom program as The Federal Office of Bundeswehr Equipment, Information Technology and In-Service Support (BAAINBw) present on day one of the conference.

Colonel Volker R Quante, Project Leader SATCOMBW from The Federal Office of Bundeswehr Equipment, Information Technology and In-Service Support (BAAINBw) will present on:

Military SATCOM Payload on a Civilian R&D-Satellite - DEU Experiences
