

Qualaco ushers Molex Company through ISO 9001:2008 Certification

Molex wanted a Quality Management System that would prove to be a true return on investment. With Qualaco's help, achieved certification to ISO 9001:2008.

ATHENS, ALABAMA, US, October 20, 2014 /EINPresswire.com/ -- When it comes to [ISO](#) certifications, it is very important for companies to adhere to the standards that are set out in front of them. There can be times within the busy world of business that regulations and standards can slip to the wayside. It is very important for companies to stay up to date on all regulations, but at times consulting company must come into play in order to obtain the coveted ISO 9001:2008 certification. [ISO 9001 consulting](#) is available in the market place, but it is important to pick the right company to help with these needs.

Qualaco is a great management consulting company that works hand in hand with businesses on their ISO certifications. One company that Qualaco recently assisted [Molex](#) Company of Athens, Alabama and Hankamer, Texas. According to Lori Lyerly, "Molex was founded in 1985 and has continued to remain a successful company by focusing on product quality and Customer satisfaction. Molex wanted to implement a Quality Management System that would add value to the business and bring a true return on investment." With Qualaco's help, within 6 months Molex was able to achieve certification to ISO 9001:2008. Qualaco was able to assist Molex with their quality assurance, which is the essence of the

“

Molex is a successful company by focusing on product quality and Customer satisfaction. Molex wanted to implement a QMS that would add value to the business and bring a true return on investment."

Lori Lyerly, MBA - Quality Expert

ISO 9001 Standard. Molex specializes in many different chemicals which requires much quality control to be used during the manufacturing and delivery of these products.

Qualaco bases its success on the results that companies like Molex are able to obtain. Qualaco has a great track record of working closely with these companies to bring their organization much more up to speed on the importance and implementation of quality control. Not only does Qualaco focus on ISO 9001 consulting, but they focus as well on documenting quality procedures. Qualaco also focuses on developing quality management systems that can be implemented into any organization, and emphasizes the importance of training individuals within organizations to

understand these new quality control procedures. Qualaco works hard to create a quality

management system that a company will feel proud to adopt and implement into their organization.

Overall, Qualaco offers great systems for those organizations who are serious about restructuring their quality program and taking it to a new level. It is a great investment to make in not only gaining new certifications, but assuring that the quality of products an organization is manufacturing are top notch.
