LONDON, ENGLAND, UNITED KINGDOM, October 21, 2014 /EINPresswire.com/ -- SMi Group are delighted to announce that ABI Research will be speaking at the 4th annual [Oil and Gas Cyber Security](#) Conference which returns to London this autumn.

ABI Research Practice Director, Michela Menting, will be presenting on Cybersecurity Market Dynamics in the [Energy Industry](#). Highlights from the talk include:

- Emergence of niche markets for energy-related security products and services
- Market maturity conditions as affected by oil & gas industry demands
- Policy and regulatory landscape effect on cybersecurity investment opportunities

The two-day [programme](#) will build on the success of the 2013 event by discussing recent efforts to bolster protection of highly valuable intellectual property and commercially sensitive information on production, exploration plans and assets through project updates, case studies, live demonstrations, technology sessions, panel debates and networking opportunities.

## Key Benefits of Attending:

- Address the most pressing cyber security issues facing the oil and gas sector with key presentations and case studies delivered by senior industry decision makers
- Hear from operators such as Centrica, National Grid, Eni, Petrofac and Tullow Oil
- Understand how government organisations can support efforts against attacks
- Watch live demonstrations to understand where attacks are targeted
- Discuss how social engineering should be the key focus in projecting your networks

- What are the latest developments and technology you can use for SCADA attacks
- Recognise new, key, regulations and legislation that affects your operations
