

Europe's longest running Gas to Liquids event to start in 1 week

*Smi Group Reports (2014.10.22, London):
Smi are delighted to announce the 17th annual Gas to Liquids Conference takes place in London on the 29-30 October 2014*

LONDON, ENGLAND, UNITED KINGDOM, October 22, 2014

/EINPresswire.com/ -- Regularly visited by over a hundred experts from around the world, this year's event will provide the ideal platform for discussion over current and emerging [GTL](#) projects, developments within the industry, technology sessions and GTL projects financing delivered by senior level speakers from the world's foremost authorities on GTL. Further information available at <http://www.smi-online.co.uk/2014gtl5.asp>

With representatives from innovative companies this 2 day [conference](#) and workshop will cover leading project updates from North America, Europe, Africa and Asia, project financing, technology innovations, large- and small scale GTL, economics and products as well as much more.

Event speakers include leading experts from Sasol, Primus Green Energy, INPEX Corporation, PetroSA, Velocys, Solena Fuels, Renaissance Heavy Industries, BP, ExxonMobil Research & Development, Aleph Sciences Group, Southern Research Institute, US Department of Energy and many more.

Attending organisations include: ENI E&P, Repsol, GDF SUEZ, BP, Kuwait Petroleum Corporation, Shell International E&P, CompactGTL, SAIPEM, Technip E&C, Gas ConTech GmbH, Extreme Oil, Renaissance Heavy Industries, JOGMEC, EuroEco Fuels, Ariel Corporation, Energy Security Partners, Sears Trading, McKinsey & Co, Escalera Resources Co, EAPC, BG Group, Extreme Oil,

Alpha Wax BV, Louisiana Economic Development, Gaffney, Cline & Associates, Johnson Matthey, plus many more.

Benefits of attending

- 2-day event, over 16 exclusive presentations + panel discussion + interactive workshop
- Hear about the leading large and small scale GTL projects across Europe, Africa, Japan, the Middle East and North America
- Discuss methods and strategies on how to finance a GTL project and discover how to develop a large scale independent GTL project
- Gain information on the latest gas separation techniques from FT to alternative technology
- Discover the routes to market for a variety of GTL products
- Network with the leading resource holders and technology providers
- Amazing networking opportunities during and after the event! Networking Drinks Reception will be held at the end of Day 1

Plus, visit the interactive half-day pre-conference workshop: SUCCESSFULLY EXPLOITING GAS-TO-LIQUIDS OPPORTUNITIES. Presented by Alex Forbes, Director, Forbes Communications Ltd
