

New Scheduling Platform Added to Superior Notary Services' Redesigned Website

Superior Notary Services announced today that the company has added the SnapDocs scheduling platform to their recently redesigned website.

WYLIE, TX, USA, October 27, 2014 /EINPresswire.com/ -- Superior Notary Services, the company that revolutionized the notary industry back in 2000 by pioneering, "Mobile Notary Services," announced today that the SnapDocs scheduling platform has been added to their redesigned website. According to management at Superior Notary Services, SnapDocs simplifies the process of scheduling notaries to their various assignments by speeding up the process while reducing the number of phone calls required for making appointments.

Clay Mason, owner of Superior Notary Services, added this in commenting on the SnapDocs scheduling platform, "The overall efficiency of our entire scheduling system has been one of the biggest benefits from using SnapDocs. We can now schedule more assignments in less time, which greatly improves productivity."

In addition to the new scheduling platform, the Superior Notary Services website has also added several other key features, most notably a new company video on the homepage. Visitors will find a brief, animated video that gives them a complete company overview and specific details on the many services offered by Superior Notary Services.

The new company website has also been enhanced with the addition of a new Word Press blog. Now visitors to the site can read the latest news and information on notary services while also finding answers to any questions they might have such as, 'What do I need to bring when having a document notarized?'

The changes to the website seem to be working because business at Superior Notary Services continues to grow; so much so that the company will soon be moving to a new office space. "As a result of the growth we have experienced in the last year we will be moving to a larger facility by year's end," said Mason. "The new facility is almost twice the size of our current location and will allow room for growth. It will also be finished out to our specifications and fitted with the most up-to-date computer and communications equipment available."

Superior Notary Services can be reached to schedule your appointment Monday through Friday from 8:00 a.m. to 9:00 p.m. and on Saturday from 10:00 a.m. to 12:00 p.m.

About Superior Notary Services: Superior Notary Services is a Wylie, Texas notary public service. The company was established in 2000. They were one of the first in the industry to pioneer the concept of "Mobile Notary Services," which set the industry standard for convenience and efficiency. Services provided by Superior Notary Services include real estate mortgage closings, attorneys and interrogators statements, structured settlement agreements and automotive notary services such as documents in support of disability claims. Superior Notary Services can be reached Monday through Friday from 8:00 a.m. to 9:00 p.m. and on Saturday from 10:00 a.m. to 12:00 p.m.
