

Washington, D.C. Plastic Surgeon Welcomes New Doctor to Practice

Dr. Paul G. Ruff IV, a Washington, D.C. plastic surgeon specializing in cosmetic procedures for the body, welcomes facial plastic surgeon Dr. Michael Somenek.

WASHINGTON, DC, USA, November 2, 2014 /EINPresswire.com/ -- Dr. Paul G. Ruff IV (www.ruffplasticsurgery.com), who has practiced in Washington, D.C. as a plastic surgeon since 2001, has brought a new physician onto his team. Facial plastic surgeon Dr. Michael Somenek will officially begin seeing patients at Ruff Plastic Surgery on Dec. 1.

"I'm thrilled to welcome him to our practice family," Dr. Ruff says, "and so is everyone on the staff. Having another physician here will enhance our ability to offer all our loyal patients the service they deserve."

Dr. Somenek specializes in plastic surgery for the face. He earned his undergraduate degree at the University of Miami and medical degree at Rush University in Chicago before pursuing specialized training in otolaryngology, or treatment of the head and neck. He completed a facial plastic and reconstructive surgery fellowship at the University of Illinois, Chicago, and he is a member of the American Academy of Facial Plastic and Reconstructive Surgery.

At Ruff Plastic Surgery, Dr. Somenek plans to use his research and practical experience for a variety of facial procedures, including facelift and eyelid surgeries and complex [rhinoplasty](#), a personal passion.

"Washington, D.C. has such an active medical community, and I'm excited to be a part of it," says Dr. Somenek, who previously practiced in Baltimore. "It's also obviously one of the most culturally rich cities in the world, so I'm confident I'll feel fulfilled both personally and professionally here."

Dr. Somenek also has experience performing popular minimally invasive treatments such as laser services and injectables, which Dr. Ruff says are an ever-growing part of his practice.

"BOTOX® and filler injections and other non-surgical treatments are getting better and more popular all the time," Dr. Ruff says. "That's one of the reasons I'm so eager to bring a facial specialist onto the team. Dr. Somenek has a deep understanding of all the subtle factors that combine to create facial harmony, and he can definitely use that knowledge to help our patients

enjoy beautiful results from these innovative treatments."

Dr. Ruff already has a reputation in Washington, D.C. as a top surgeon for [breast implants](#), liposuction, and tummy tuck procedures.

"We offer a great range of treatments to serve all our patients' varied needs, and Dr. Somenek will help us do that," Dr. Ruff says. "And on a personal level, he absolutely lives up to the high standards we have for compassion and respect at Ruff Plastic Surgery."

###

Washington, D.C.'s Ruff Plastic Surgery (www.ruffplasticsurgery.com) is the private practice of board-certified plastic surgeon Dr. Paul G. Ruff IV. Dr. Ruff got his undergraduate degree at Georgetown University and medical degree at Eastern Virginia Medical School. He then pursued postgraduate training in general surgery and critical care at Washington Hospital Center and plastic surgery at the University of California, San Diego. In 2001, Dr. Ruff started his private practice, where he offers a wide range of cosmetic procedures for the face, breasts, and body. Ruff Plastic Surgery also offers numerous non-surgical treatments including BOTOX® Cosmetic and filler injections, laser and energy treatments, and skincare services. In 2014, Dr. Ruff was joined in practice by facial plastic surgeon Dr. Michael Somenek, who performs specialized reconstructive and cosmetic procedures of the face.
