WEBSTER, MASS, USA, November 5, 2014 /EINPresswire.com/ -- As a leading publisher in the industry, [Tate Publishing](#) thinks this book will be a great fit for their 2015 line.

Acquisitions Editor Stacy Baker said, "We have been discussing this book with Dr. LaCure for quite some time, and we have continued interest in working with him, as we believe in the value and importance of this book. It comes as no

surprise that most females value personal relationships. When it comes to female athletes, their relationships with their coaches are no exception. Communication and empathy play roles in the success of that relationship, and friendship always brings value. While providing unity, the coach of a female athlete should strive for unity and work to increase self-confidence and improve self-esteem.
