Local author Dal Mize examines national healthcare and eternal life in his two new books

SAN ANTONIO, TEXAS --, UNITED STATES, November 8, 2014 /EINPresswire.com/ -- Outlining the ways we could counter the Obama Affordable Care, Euthanize Obama Care Thru Community Health Care Co-Ops explains how setting up a community Co-Op can help lessen the cost of health care.

An insightful read and educates the American readers on how to lower down their finances that are related to medical care.

Jeff Foster, Acquisitions Editor

"This book should encourage a universal medical-share for each member of the Co-Op for half the cost of Obama Care," Mize shares when asked about his theme for the book 'Localize not Socialize America'.

"Euthanize Obama Care Thru Community Health Care Co-Ops is an insightful read and educates the American readers on how to lower down their finances that are related to

medical care," shares Jeff Foster, Acquisitions Editor for Tate Publishing.

Centering on the Religious side of things, Mize is also set to release *Can a Rich Man Go to Heaven?* A book that focuses on what Jesus said in the Scripture. "It is easier for a camel to go through the eye of a needle than for a rich man to enter the Kingdom of God."

"We all know what is impossible for man is possible with God. If we take the Scripture and understand that for a camel to 'go through the eye of a needle' could only be done by a miracle of God, then for a rich man to go to heaven would take a miracle from God... This book outlines what God was referring to as a rich man and assures the rich man that he can go to heaven," explains Mize.

Published by Tate Publishing and Enterprises, the books are available through bookstores nationwide, from the publisher at www.tatepublishing.com/bookstore, or by visiting barnesandnoble.com or amazon.com.

Dal Mize is a former West Texas Manager for the Prudential. Since his retirement from the Insurance business Dal has authored several books, most of them Christian books.
