ENON VALLET, PA. -- , UNITED STATES, November 12, 2014 /EINPresswire.com/ -- Local author Tiffany MacQuarrie publishes humorous and poignant book of punctuation.

Discovering the Personality of Punctuation is a light-hearted and humorous approach to infusing power into your writing by utilizing the appropriate punctuation marks for your writing.

Evolving from the idea born six years ago in her Freshman Composition course, MacQuarrie was prompted to devise an effective way of communicating the point being conveyed.

“

Armed with humor and poignancy, it creates a vivid mental picture for students
Shannon Lloyd, Acquisitions Editor

"While teaching about dashes and parentheses, a student asked if a comma could work instead. I responded that a comma would work, but it would not be as effective...Every semester since then, I taught the different marks of punctuation by explaining the personality of each mark. Students seemed to grasp this concept well and confidently used punctuation more effectively," shares MacQuarrie.

"*Discovering the Personality of Punctuation* is your personal handbook of punctuation to strengthen your writing, armed with humor and poignancy, it creates a vivid mental picture for students," states Shannon Lloyd, Acquisitions Editor for Tate Publishing.

"Readers will be surprised to find that learning about punctuation can actually be enjoyable and easy. I guarantee that once they crack open the book and start reading, they will not put it down until they read the last page. It takes a unique approach to a topic often not entirely grasped," adds MacQuarrie.

Published by Tate Publishing and Enterprises, the book will be available upon its release through bookstores nationwide, from the publisher at www.tatepublishing.com/bookstore, or by visiting barnesandnoble.com or amazon.com.
