Haypi Kingdom: The Return of the King offered the best activities, and brought lots of fun for the Haypi fans. To begin with, Haypi organized a "Haypi Hero Fest" for Halloween. Whenever the

In addition, The “Double Double” activity was prolonged for the “Weekend carnival”, and many rewards and bonuses were doubled. Another perk of the festival provided an extra option for players to get an extremely rare hero. The mythic Jask S would join a Lord’s fleet in exchange for prestige in Tourney. The weekend festival also included the “Buy resources, Get Resources” activity, which awarded bonus resources for 10 deals of “little” or “medium” resource packages. In addition to it, the “Buy Resources, Get Skill Scrolls” activity brought Skill Scrolls as bonuses for any resource package marked as “plenty”. Terrar, The Dancing Lion only shows up during Halloween, and players could see and obtain him from the Lucky Egg. Mutant Monsters’ Advent was also up for Halloween. Normally the Mutant Monsters can only be captured through seal cards, but they were Special Guests in the Lost Tower during Halloween. They were obtainable via the Lucky Egg, but that’s only for month, thanks to the Halloween activities! Last but not least, it was also time for the Legendary Fenrir’s Advent. This most powerful monster was exchangeable in Alchemy, while Hippogon was missing from the Magic Shop.

The Legendary Monster Eggs in Haypi Monster could also give players the amazing Legendary monsters Pegasus and Bahamut, but only during the time of the Halloween activities.

As for [Haypi Pirates](#), there were many many awesome activities, too. Where to start? The Login Gift was a gold chest with magic contents. Every time players bought rum, they received additional rum as a bonus. The Hunter’s Treats for Halloween made the Gold needed for Treasure Hunt 20% less than before. During the activities, the Guild Mode Barter made it possible for only 40 guild fragments to unlock a guild mode. Halloween was celebrated with the Fishermen activity, too. There was a double rate of triggering the fishing "random incidents". The Sea God's Handyman awarded the players for participating in Fishing, Tourney, Calypso's Treats, daily quests, etc. Suitably for Halloween, in

Dungeon challenges, the damage that "All-out" deals increased significantly.
