

AFICA/AFCEC to Receive SEBAC's Award for Excellence

SEBAC Announces Recipient for the 2014 Award for Excellence in Awarding Small Business Prime Contracts

WASHINGTON, DISTRICT OF COLUMBIA, US, November 13, 2014 /EINPresswire.com/ -- The Small Environmental Business Action Coalition, Inc. (SEBAC) is pleased to announce the recipient of this year's Award for

Excellence in Awarding Small Business Prime Contracts. The recipient is the Air Force Installation Contracting Agency (AFICA) (formerly 772 ESS) / Air Force Civil Engineer Center (AFCEC). SEBAC presents the award to recognize a federal agency's demonstrated commitment to small environmental business through its awarding of small business prime contracts.

SEBAC selected AFICA/AFCEC for its strong support of small environmental businesses as demonstrated by the quantity and quality of small business prime contracts within NAICS codes 562910 and 541620.

SEBAC

SEBAC researched procurement data specific to NAICS codes 562910 and 541620 among federal agencies and evaluated the data based on the number and quality of agency procurements and the agency's overall commitment to small businesses to determine the recipient of the Award for Excellence. This evaluation is based on a pre-established set of criteria which includes three key components:

- The agency's ability to meet or exceed projected goals for fiscal year;
- The agency's quality and quantity of small business awards; and
- The agency's progress towards improvement in attaining goals (percentage increase and/or proven improvement)

SEBAC selected AFICA/AFCEC for its strong support of small environmental businesses as demonstrated by the quantity and quality of small business prime contracts within NAICS codes 562910 and 541620. In government fiscal year 2014, AFICA/AFCEC far exceeded the SBA's statutory goal of 23% by awarding 46.8% of prime contractor dollars in NAICS 562910/541620 to small businesses. This was a significant increase from 2013, in which AFICA/AFCEC obligated 34.6% in these NAICS codes to small businesses.

We also recognize AFICA/AFCEC for acknowledging the strength of the environmental small business community by setting aside major contracts, such as fence-to-fence environmental compliance and performance-based remediation contracts, for small businesses.

SEBAC President, Doug DeFazio, and Award for Excellence sponsors EA Engineering Science and

Technology, and I.C.E. Service Group will present the Award during SEBAC's Networking Reception and Award Presentation at the Kansas City Convention Center in Kansas City, Missouri on December 10th. This is the same venue as the SAME Small Business Conference for DOD Engineering, Construction and Environmental Programs.

Smith Manus Surety Bonds, an agency specializing in environmental, construction, and specialty bonds for all industries, is a major sponsor of the Networking Reception. Other sponsors are H & S Environmental, Inc., Sullivan International Group Inc., and CAPE, Inc.

The event is open to SEBAC members, invited guests and small environmental businesses interested in learning more about SEBAC. For more information about the Award for Excellence, visit the [About Us](#) page at www.sebac.org. To RSVP for the Award Presentation and Networking Reception, e-mail the SEBAC office or call 202-775-8400.

SEBAC was formed to act as a unifying voice for addressing issues that face small environmental businesses nationwide. Membership is open to small businesses primarily engaged in the environmental industry with 500 or fewer employees. Member companies perform environmental investigations, design, engineering, remediation, operations and maintenance, and ordnance and explosives work for federal agencies and commercial businesses. For more information about SEBAC, visit www.sebac.org.
