

Texas Real Estate Networking Hosts First Inaugural Networking Event for Real Estate Professionals

Texas Best Credit Repair, together with Texas Real Estate Networking, held their first ever TREN Event on November 11 in North Austin.

AUSTIN, TX, USA, November 18, 2014 /EINPresswire.com/

-- The event brought together real estate professionals with the intent of building strong business relationships and extending networking opportunities.

The event was well received and included HGTV Celebrity Guest Thomas Brown of Brother Vs. Brother. Over 160 guests attended the TREN Event and took part in the food, fun and networking opportunities that included real estate agents, credit repair specialists, mortgage lenders and insurance providers.

The relationships with other industry professionals is necessary for real estate agents, as their job goes beyond finding the right homes for the right buyers. Agents must also work closely with lenders and credit specialists to help prospective buyers qualify for a loan. With a slowly recovering housing market and a portion of home buyers with poor credit, maintaining strong connections with lenders and credit specialists is key to success.

Since its inception in August, Texas Real Estate Network has already emerged as a go-to source for real estate agents licensed in the state of Texas. Their Facebook page has acquired over 2,000 likes. In addition to networking with other agents and lenders in the area, TREN also educates realtors on the modern tools available for clients to help make the buying process less stressful.

TREN would like to recognize the partners and sponsor companies that helped make the networking event a success: [Texas Best Credit Repair](#), Security National Mortgage Company, LNM Lending, Supreme Lending, Better Homes and Gardens Real Estate, Bradfield Properties, Icon Realty, Goosehead Insurance, 360 Home Connect, Texas American Title, OneGuard Home Warranties, First Close Title of Texas, Nunnallee Inspections, Tri-Tex Roof Systems and Cutco Closing Gifts.

The networking agency plans to host more events of this kind and remain a trusted, reputable source for information and education for real estate professionals in Texas.
