

ProMariner ProSport and ProNautic Battery Chargers On Sale Now at 12 Volt Technology

Looking for a 12 Volt Battery charger that is waterproof or needs to handle the harsh marine environment the ProMariner is your ultimate choice.

BOCA RATON, FL, USA, November 18, 2014

/EINPresswire.com/ -- The ProMariner ProSport series of battery chargers are specifically designed for heavy duty recreational charging of up to 2 Battery Banks. The ProSport Gen 3 On-Board Marine Battery Chargers comes complete with all-digital microprocessor controlling to ensure that you get the perfect charge every time and give your batteries the best chance for a long life. Like no other, the ProSport Series provides automatic installation feedback so that you know exactly what is going on with the charging system, the exclusive "System Check OK" and individual "Battery Bank Trouble" LED indicators keep you fully informed.

Promariner ProSport8 Battery charger

ProMariner have used state-of-the-art technology to provide the most advanced energy saving mode in the industry. After fully charging and conditioning batteries, ProSport's Energy Saver Mode will monitor and Auto Maintain batteries only when needed to maintain a full state of charge, therefore giving you a maximum performance and lower AC power consumption and operating costs.

The ProMariner ProSport series comes in a variety of outputs, from ProSport6 which is a 6Amp, ProSport12 which a 12Amp up to the ProSport20 20Amp model.

Currently 12 Volt Technology has the [ProMariner ProSport8](#) Gen 3 on Sale for the Holiday season for \$79.99. If you are looking for something a bit more substantial, then ProMariner has you covered, the [ProNautic 1240P 40Amp](#) 3 Bank [Battery charger](#) has the power and performance to meet most of your needs. The ProNautic series is designed with twelve digitally-controlled performance charging profiles which can be easily changed with the push of a button. The ProNauticP series fully charges, conditions, maintains and re-conditions batteries to give you the maximum possible extended battery life and maximizing battery reserve power performance.

The ProNautic 1240P 40Amp 3 Bank Battery charger features dual digital displays for real-time display of actual charging voltage and amperage and AC power-on diagnostics with pass or fail status in addition to discreet fault indication for mis-wiring or adverse battery bank conditions.

The ProMariner ProNautic series provides a much larger product range, from ProNautic 1210P 10Amp, all the way through to the ProNautic 1260P 60Amp version.

Currently 12 Volt Technology has the ProMariner ProNautic 1240P 40Amp 3 Bank Battery Charger on Sale for the Holiday season for \$329.99
