A new version of the amazing Haypi Kingdom: The Return of the King has been submitted for review!

SHANGHAI, SHANGHAI, CHINA, November 21, 2014 /EINPresswire.com/ -- A new version of the amazing Haypi Kingdom: The Return of the King has been submitted for review! The new update will be evaluated by Apple, and hopefully all players can enjoy the game very very soon! The new 1.0.4 patch is the result of the restless efforts of the developer Haypi.

Haypi Co., Ltd. is proud and happy to be such a productive developer. Haypi constantly offers new in-game content for their loving fans! Now players are celebrating the submission of Haypi Kingdom: The Return of the King Version 1.0.4. But soon they can celebrate the new versions of three more Haypi games: Haypi Adventure, Haypi Monster and Haypi Monster: The Lost Tower. The teams are working incessantly to provide great updates.

Haypi Kingdom: The Return of the King is an awesome game, which brings the players to a magic land of glory.

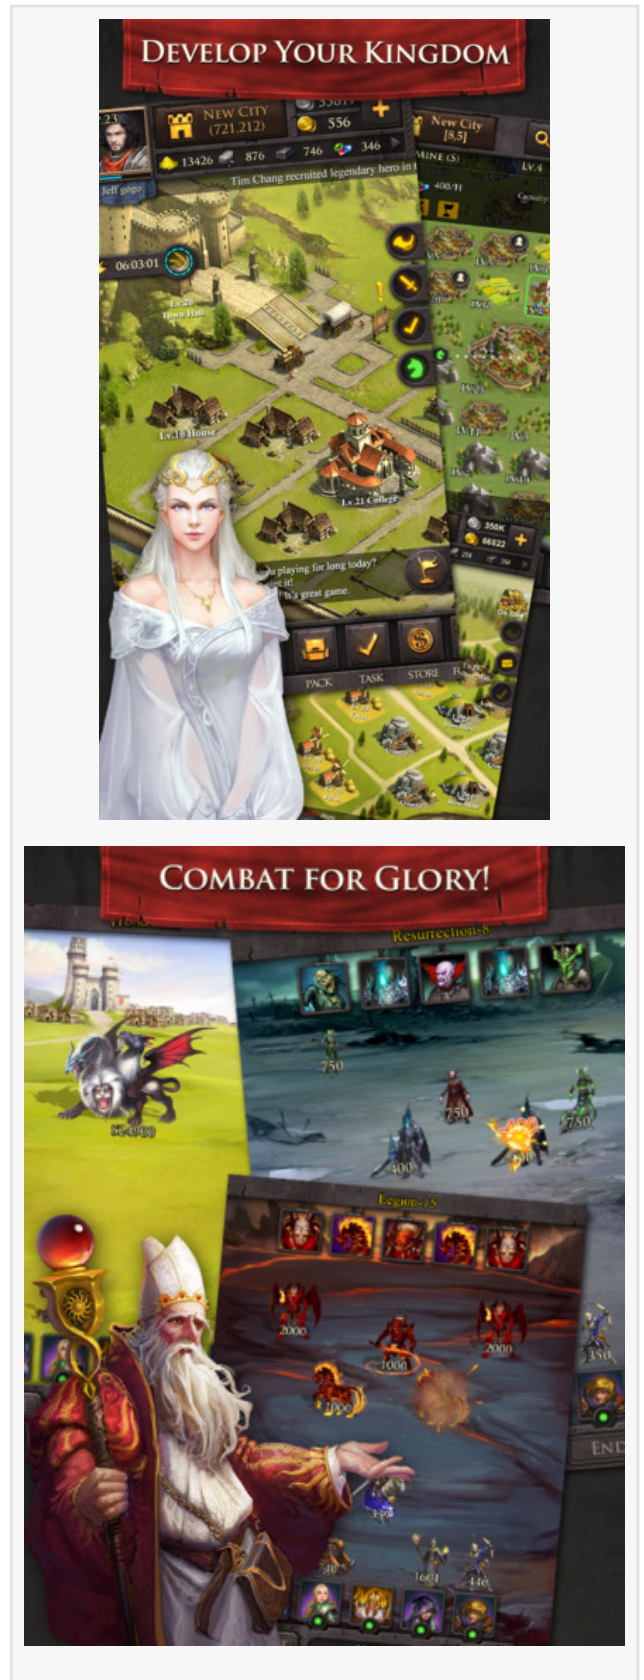

Now, the new version is better than ever. It is so much smoother when it comes to Chat, Building Upgrades, Equipment Enhancing, Level Names, Coordinates, City Move, Troops Dispatching, Task Rewards, Crown Medals, Battlefield Distance, etc. All these sound like features of a real warfare kingdom, don't they?

Haypi Kingdom: The Return of the King Patch 1.0.4 is really fascinating. In the new version, there are some new features that would make the gameplay much more fun. VIP levels and privileges have been added, so that the best and most active players will be treated with privileges. The UI and other features have been improved, with City Management added to Town Hall, and a Task indicator activated in both home city and outer city. In addition, now players can check the coordinates of the city which is being attacked – this is a new feature added with the update. Concerning the Gold Sale page, its display level has been raised. What is more, The "Favorite" feature has been optimized in the new patch. But the change that makes a big difference is in connection to the Daily Activities. Now they will reward the players with more abundant resources. However, the EXP. acquired through them, will be reduced. There are more improvements in connection to the player interaction, too. Alliance Help and Allies' Warfare have been added. Allies' warfare has been recorded in Alliance Events. Now the multiplayer experience is even more fun.

Haypi Kingdom: The Return of the King is an exciting and challenging game. As soon as it is

approved, the new version 1.0.4 will be available for free download from iTunes. Everyone can have exciting fun, without having to spend a dime. This MMO is a world of challenge, bravery and magic!
