Romania, a member of the European Union, is one of the largest markets in Central and Eastern Europe with a market of approximately 20 million consumers. It is conveniently located between the Middle East and Western Europe, facilitating easy transportation of goods, and has a cost-effective highly trained labor force. It has seen significant economic growth in the last two decades with many sectors having the potential for even more growth. Its renowned natural beauty also adds to Romania's attractiveness for foreign investments.

"Romania has always been a serious business partner for the Arab World. The region has investment needs that could be excellently fulfilled by Romania, so it was about time to discuss the partnership opportunities in a formal and serious manner. This conference will provide an ample platform to achieve this," said Violeta Khalil, Managing Director of Breakstream Media.

There will also be opportunities for delegates to network further in a more relaxed atmosphere in the evenings at a cocktail reception and gala dinner during the conference. Save up to USD 200 by confirming your seat before the [early bird registration](#) closes on 6th January 2015.
