

Digital Cryptocurrency AtenCoin Releases Official Update in Tahoe Oil & Gas Investment

AtenCoin Market Opens with the Success of the Taylor 1 Oil & Gas Well

LAS VEGAS, NV, USA, November 25, 2014 /EINPresswire.com/ -- National Aten Coin (NAC), creator of the Aten "Black Gold" Coin, has successfully

developed a [next-generation digital currency](#) that is 100% Anti Money Laundering Compliant.

BGC International, Inc., Aten Coin promotions company, plans to create a 5 Million Dollar-per-year Market for Aten Coins by investing in many different companies. Investments made into Oil & Gas or any venture by BGC International, Inc. will have all profits related to the initial investment that is owed to BGC, and will be paid back using Aten Coins.

The first market has been created for Aten Coin by the participation of NAC in the Tahoe-SSV1, LLC which included the Tahoe 1 Oil & Gas Well out of Matagorda County, Texas.

Taylor 1 Oil & Gas Well

The NAC is pleased to announce that the Taylor 1 Oil & Gas Well has hit. Drilling of the Taylor 1 commenced in mid-September, 2014 and has quickly proven to be the booming asset sought in support of the Aten Coin Market. "According to Tahoe Oil and Gas, we are expecting to have about 5 Pay Zones," Says Marcus Andrade, NAC's Founder. "We are excited because the [Market for AtenCoin](#) has finally started."

Johnson 1 Oil & Gas Well

NAC announces the termination of Johnson 1 Oil & Gas Well drilling since the Well's recent miss. Drilling of the Johnson 1 began in early August, 2014. Tahoe announces that after extensive study and thought, it has been determined that any further pursuit to find commercial hydrocarbons in the Johnson 1 be canceled as it would only incur greater loss.

Determined to help grow the Aten Coin market, BGC International, Inc. will be taking part in the drilling of the Eureka Prospect, which is scheduled to commence in December 2014 in Iberville

Parish, Louisiana.

Farewell to Associate Richard Charles Gray

NAC announces that Richard Charles Gray, former NAC Oil & Gas Business Consultant, is no longer associated with NAC. The Aten Coin Team wishes him all the best in his future ventures and congratulates him on his partnership with Tahoe Oil & Gas, LLC.

Aten "Black Gold" Coin & Anti Money Laundering

Unlike Bitcoin or Litecoin, Aten Coin is designed to be in compliance with all regulatory agencies regardless of who is using Aten Coin. This is a major breakthrough in the digital currency arena since all of the negativity pertaining to virtual currencies revolve around being AML Compliant.
