

Got a Reader on Your Gift List? YourNovel.com Puts Them in Their Own Romance Novel

40+ Titles Come in "Naughty" or "Nice" as Hardback, Paperback or eBook

RALEIGH, NC, UNITED STATES, December 5, 2014 /EINPresswire.com/ -- For those with avid readers on their shopping list this holiday season, www.YourNovel.com offers the ultimate: put them in their own romance novel "naughty" or "nice."

YourNovel.com's 40+ titles come in sizzling-sexy wild or huggy-kissy mild with 25 details about the starring couple including names, hometown, where they live and work, eye and hair color, best friends, favorite music, favorite perfume/cologne, affectionate nicknames for one another, how long they've been a couple and more including a customized dedication page.

In the lineup are two titles written specifically for the holidays – "[The Magic Snow Globes](#)" by Susie Taylor and "Season's Greetings, Season's Love" by Marcy Thomas.

The snow globes novel even centers around the hero searching for the perfect gift for his heroine. He finds it in a curio shop, and the rest of the story is about experiencing the joys of the season and the deeper meaning of a loving relationship.

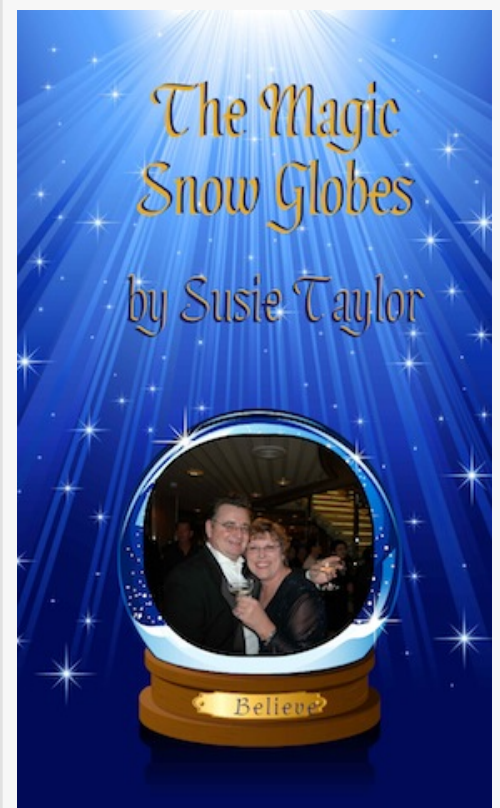

"Season's Greetings, Season's Love" takes a more traditional

approach by sending the starring couple on a getaway to a winter retreat called Harmony. The name says a lot, and the exploits that follow put the duo into various situations that lead them to examine the mettle of this Utopian village and face a situation that could ruin their lives.

Both holiday titles are available in paperback, hardback and ebook format (starting at \$24.95). There's also the option of adding the starring couple's photo to the book cover for an additional charge. The snow globes book looks terrific with the couple's photo printed inside the globe.

To make it easier than ever for customers to make a seasonal selection from the 40+ books offered, check out the Holiday Favorites category on the pull-down menu at www.YourNovel.com.
