

Louisville Plastic Surgery Center & Spa Expanding to Lexington

A popular aesthetic facility in Louisville, Kentucky, Calobrace & Mizuguchi Plastic Surgery Center, is opening a medical spa called CaloSpa in Lexington.

LOUISVILLE, KENTUCKY, USA, December 10, 2014 /EINPresswire.com/ -- Calobrace & Mizuguchi Plastic Surgery Center (www.calobrace.com) is expanding with the December opening of the CaloSpa Rejuvenation Center in Lexington, Kentucky, where plastic surgery consultations and a range of medical spa procedures are available in a location serving the central part of the state.

The grand opening celebration of CaloSpa's Lexington location is scheduled for 4 p.m. to 8 p.m. on Dec. 11 at 824 Euclid Avenue, Suite 100.

"Our new medical spa provides our patients in Lexington, Frankfort, and surrounding areas convenient access to the same innovation and excellent patient care that has earned CaloSpa Allergan's Black Diamond certification for several consecutive years," Dr. M. Bradley Calobrace says. "The same menu of medi-spa services and retail products available in our original location is offered at CaloSpa in Lexington."

Those services include non-surgical body contouring, advanced skin care treatments, chemical peels, laser procedures, and injectables such as dermal fillers and [BOTOX® Cosmetic](#).

Lexington CaloSpa patients enter the new facility to find a modern retail and education center accented by a natural walnut floor. The 2,500-square-foot office includes a skin bar and 5 private examination rooms where pre- and postoperative appointments take place for surgical procedures such as facelifts and [breast augmentation](#), which are done at the practice's Louisville, KY surgical center.

The Lexington facility is on Euclid Avenue in historic Chevy Chase, minutes away from the University of Kentucky.

A leading Louisville, Kentucky, plastic surgery and medical spa practice is extending into Lexington with the opening of CaloSpa.

"It is perfectly situated for both patients and retail patrons alike with its street-front presence," Dr. Calobrace says.

Dr. Calobrace and Dr. Nana M. Mizuguchi, the practice's pair of board-certified plastic surgeons, will each schedule surgical consultations and pre-op and post-op appointments at the Lexington location. The surgeons specialize in cosmetic and reconstructive surgery and are recognized for their expertise in facial rejuvenation and body contouring.

"Opening CaloSpa in Lexington fulfills one of our goals," Dr. Mizuguchi says, "which was to offer our loyal patients and new customers alike a convenient and accessible location in the central area of the state. We are excited to see that goal come to fruition and to be able to serve more people."

###

Calobrace & Mizuguchi Plastic Surgery Center (www.calobrace.com) is a comprehensive surgical and non-surgical center, which includes the Calobrace Breast Center, the Calobrace Plastic Surgery Center, and the CaloSpa Rejuvenation Center. Both Dr. M. Bradley Calobrace and Dr. Nana M. Mizuguchi are certified by The American Board of Plastic Surgery and have received years of training in general surgery and plastic surgery. They have served as clinical instructors for University of Louisville's Division of Plastic and Reconstructive Surgery, and both perform a full range of treatments, including breast, body, and facial plastic surgery, for Louisville and Lexington, Kentucky, patients.
