

Let A Modern Appliance Bring Vintage Back Into The Holiday Season: Introduce Your Home To Big Chill

Vintage Looks & Modern Conveniences Bring Old-Fashioned Charm Back Home for the Holidays

BOULDER, CO, USA, December 24, 2014 /EINPresswire.com/ -- Remember when celebrating the holidays was a chance to slow down and savor precious time with the family? Nowadays it seems like everything is hustle and bustle from Thanksgiving until New Year's and no one has the time to settle in and enjoy the holiday season.

There are some really fun ways to turn the hectic holiday season into something the family will remember forever. For instance, pick a night during the month of December and make Gingerbread houses with the clan. Make them out of small milk cartons for an easy fix and get everyone's favorite candy. And designate one Friday night a phone-free zone. Snuggle up in front of a fire (real or electric!) with hot chocolate and watch some throwback favorites.

But sometimes it takes more than Gingerbread houses and movies to really bring back the memories of an old-fashioned holiday season. Bring home a real [vintage fridge](#) - and a whole suite of retro appliances from [Big Chill](#) - so you can entertain the old fashioned way, but with modern convenience!

The Big Chill [retro fridge](#) is sure to stun your guests this holiday season plus make holiday entertaining a breeze. Available in eight beautiful colors that are a modern take on the color palette of the 1950s, the Big Chill Original Fridge comes complete with a classic pivoting handle and a stamped metal body, just like they were back in the 1950s. However, with a temperature management system, automatic moisture control system and Energy Star rating plus extra large capacity, Big Chill's Retro refrigerator combines vintage style with modern performance benefits. To bring great retro style to smaller spaces, choose from a studio size and even an undercounter fridge.

Retro Fridge

To complete the stylish old-fashioned vibe, outfit your kitchen with matching Big Chill retro appliances. With authentic chrome trim and handle plus beautifully designed knobs and an array of color choices, the retro range will allow you to cook up an old-fashioned holiday meal with style. With extra large ovens that can fit a full 18" x 26" baking sheet. Plus an easy-to-clean sealed burner top, the Big Chill retro range offers modern, pro-style performance. Add a matching hood of your choice and a matching Big Chill Retro dishwasher to create an authentic mid-century styled kitchen.

For even more great style, add a Big Chill microwave to your old-fashioned kitchen. Inspired by the television sets of the 1950s and available in the retro color palette, the product has multiple settings and will cook anything you need perfectly – from popcorn to fresh vegetables. With sensor cooking, a control lock and the ability to be ordered with or without legs, the Big Chill microwave is a great way to add a little vintage flair to the kitchen. With the Christmas music playing, popcorn balls, candy canes and decorative pine cones on the tree, and Big Chill appliances in the kitchen, your old-fashioned holiday will be merry and bright.

About Big Chill

Big Chill was founded by Orion Creamer and his uncle Thom Vernon in 2001 and made a splash with its brightly colored, retro-styled fridges with modern amenities. Since then the Boulder, Colorado-based company has expanded its product offering to include refrigerators, fridges, dishwashers, microwaves, stoves, hoods and wall ovens, available in more than 200 colors, as well as custom colors. In addition to retro, mid-century-styled appliances, Big Chill also manufactures contemporary-styled Pro appliances that blend modern design, bold colors and serious performance. Big Chill appliances can be purchased directly online.
