

Maryland author releases prophetic new book detailing catastrophe in 2015

Author Neill Russell announces the release of "Newton's Riddle," a shocking story that examines a devastating earthquake predicted by Biblical scholars.

QUEENSTOWN, MD., USA, December 30, 2014 /EINPresswire.com/ -- Author Neill G. Russell together with [Tate Publishing](#) announces the release of his new book "Newton's Riddle," a shocking and enlightening story that examines a devastating earthquake that has been predicted by end-time Biblical scholars.

"Newton's Riddle" is a captivating, suspenseful tale ripped from tomorrow's headlines, examining topics concerning the future of America, Israel, and the imminent return of Jesus Christ.

Before his death in 1727, Sir Isaac Newton, the renowned physicist, concealed a prophetic script in an alchemy journal. This mysteriously coded script detailed crucial future events involving both Israel and the United States and their relation to the return of Jesus Christ. During a trip to England to visit an old friend, Dr. Ezra Schroeder, a National Security Administration code breaker, happens upon the cryptic contents of Newton's final work. With each passing day, as the political clouds around the United States and Israel grow increasingly ominous, Ezra knows what he must do. With this vital knowledge in hand, he must become a modern-day Moses and implore the reluctant president of the United States to come to the aid of the Jewish state of Israel which is on the brink of total annihilation. Readers will join

“

Russell's passion for the vision he believes God revealed to him is evident... 'Newton's Riddle' is sure to impress and intrigue readers everywhere.

Mark Mingle, Director of Marketing

Ezra on this terrifying and engaging journey in "Newton's Riddle."

The journey to writing this book began with a catastrophic vision. "As I sat in my home office trying to visualize what such a devastating disaster of this magnitude would look like, God gave me a clear 'vision' of exactly what would take place," Russell shares regarding the real-life vision that he relays in the book. "Until now, my deceased wife, Cindy, and later, my wife Mary Ann, were the only persons I ever told about this. I immediately left my office and ran out to the kitchen to tell Cindy -in graphic detail- what I had just seen. Up until that time, and until today, I have never experienced an 'opened vision' - seeing/witnessing future events before they occurred. I cannot say for certain that this horrendous earthquake will strike America's heartland on March 20th, 2015. What I can say for

certain is that I clearly saw it happen in graphic detail as recorded in Newton's Riddle.”

“Russell's passion for the vision he believes God revealed to him is evident,” shared Mark Mingle, Director of Marketing at Tate Publishing. “He has done extensive research, including referencing Sir Isaac Newton’s examination of the book of Daniel... ‘Newton’s Riddle’ is sure to impress and intrigue readers everywhere.”

Published by Tate Publishing and Enterprises, the book is available through bookstores nationwide, from the publisher at www.tatepublishing.com/bookstore, or by visiting barnesandnoble.com or amazon.com.
