RELIANCE, VA. --, UNITED STATES, January 6, 2015 /EINPresswire.com/ -- RELIANCE, Va. – Author Casey Whisenant has teamed-up with Tate Publishing to kick-start the publication of her new book, "Coded".

In the fictional fantasy world of "Coded," Casey Whisenant takes readers into the world of Chase Henderson. Like any other Coded teenagers, Chase was as normal as a super-powered teen could be until everything suddenly flips at a pool party that he goes to.

"I had always been into science fiction and crazy plot lines... [And] about a year ago the idea for "Coded" just hit me. I decided to flip the usual superhero plot line and write a story where superpowers were common," Whisenant shares, when asked about the inspiration behind the plot of her book.

“

Casey shares with us a spectacular plot with lots of twists and turns... it'll keep readers guessing, wondering, and wanting to find out more!
