Can Pre-Employment Screening & Background Checks Create a Solid Talent Management Foundation?

This webinar will concentrate on the biggest challenges for leaders and organizations in today's global marketplace including finding and retaining Top Talent. Employment history isn't enough to determine if your candidate is the best fit for your organization. Pre-Employment Competency Models & Background Checks measure the knowledge, skills and behaviors critical to successful job performance. Both are valuable tools for helping to minimize costs associated with bad hiring decisions, reducing turnover and strengthening onboarding and engagement programs.

Key Take-Aways Include:

1. Understanding Pre-Screening Competency Models & Background Checks and how they address global challenges faced by leaders today
2. Actionable steps to build a Pre-Screening framework within your organization
3. Samples of implementing this framework across the employee life cycle
