

Agenda Released for Lyophilisation USA

SMi's 3rd annual Lyophilisation & Freeze Drying USA conference will take place on the 29th & 30th April 2015 in Iselin, New Jersey, USA

ISELIN, NEW JERSEY, USA, January 13, 2015 /EINPresswire.com/ -- With the American region dominating the market for lyophilised pharmaceutical products, growing demand has contributed to a projected rise in investment to reach \$4.80 billion by 2020. SMi's 3rd [conference](#) in the successful Lyophilisation series, Lyophilisation & Freeze Drying USA, comes at the perfect time and place on 29th & 30th April 2015 to Iselin, New Jersey, USA.

SMi have worked closely with a leading panel of experts such as Genentech, GSK, MedImmune, Merck, Genzyme, Bristol-Myers Squibb, Genzyme and Novo Nordisk, to create an [agenda](#) that will provide unique insight into topics such as lyophilisation and freeze drying developments, QbD, process analytical techniques & strategies, plus much more.

Key speakers include:

- Swapnil Pansare, Associate Scientist – I, Formulation Sciences, MedImmune
- Akhilesh Bhambhani, Principal Scientist, Novel Adjuvants, Formulations and Delivery Technologies, Merck & Co. Inc.
- Vikram Sadineni, Senior Research Investigator-II, Bristol-Myers Squibb
- Mark Yang, Director, Fill Finish Development, Genzyme
- Sune Andersen, Principal Scientist in Drying Processes and Particle, Technology in CMC, Novo Nordisk A/S, Denmark
- Graham Magill, Engineer I, Pharmaceutical Processing and Technology Development, Genentech Inc.

- Ronald Pate, Lyophilisation Development Scientist, Patheon Pharmaceuticals Inc.

For further details and to download a brochure visit <http://www.smi-online.co.uk/goto/2015lyophilisationusa5.asp>

[Lyophilisation USA](#) will aim to:

- Focus on process formulation and optimisation for biologics and vaccines with a key emphasis on the development of lyophilisation and scale up
- All challenges in lyophilisation and freeze drying technology will be considered and case studies will reflect and address the implementation process
- Provide an up-to-date perspective of the lyophilisation process as a whole and the application in formulating solid protein pharmaceuticals. This conference will review the challenges to enhance improvements
- Provide attendees with a forum for debate in a round table discussion, focusing on quality by design and the future of lyophilisation

Sponsored by Ellab Inc, iQ Mobil, Millrock Technology, One 2 One Hospira and SP Scientific

For those who are interested in attending there is currently a £400 discount available online. For further information and to register visit <http://www.smi-online.co.uk/goto/2015lyophilisationusa5.asp>
