

# E&P Information & Data Management 2015: registration closing in 1 week

*SMi's 17th annual E&P Information & Data Management conference will take place in London, UK, on the 3rd - 4th February 2015*

LONDON, ENGLAND, UNITED KINGDOM, January 28, 2015 /EINPresswire.com/ -- SMi's 17th annual E&P Information & Data Management features attendees from all over the world including Algeria, Australia, Brazil, Canada, France, Greenland, Italy, Japan, Kuwait, Netherlands, Norway, Russia, South Korea, United Kingdom and USA.

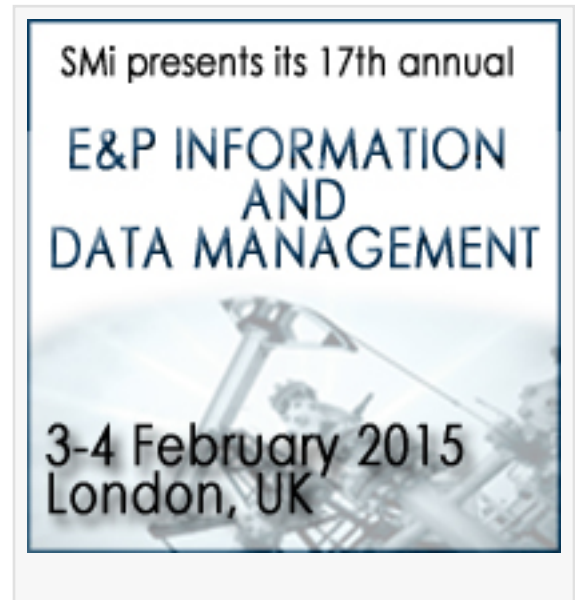

E&P Information & Data Management 2015 will spotlight on key focus sessions such as data governance, standards and practice, issues of data quality, analytics plus much more. The agenda will feature case study driven presentations and addresses from a line-up of oil and gas operators such as GDF SUEZ E&P UK, Petrobras, JGC Corp., Total E&P Russie, Kuwait Oil Company, Petroleum Development Oman, JGC Corporation and RWE Dea among others sharing their experience and valuable insight on future information and data management strategies.

To see the latest agenda and the full speaker line-up visit <http://www.smi-online.co.uk/2015eandpdata4.asp>

Due to the continuing downturn in oil prices that has affected organisations' budgets, the SMi Group has introduced discounts for this [event](#), to support the industry\*. For more information, please contact Ronald Gilgeours on +44 (0) 207 827 6734 or [rgilgeours@smi-online.co.uk](mailto:rgilgeours@smi-online.co.uk)

[E&P Information and Data Management](#) Enables Attendees to:

- Discuss the growing need for data governance and develop ideas to take back to your teams
- Listen to regional and global case studies from leading oil and gas companies both large and small
- Hear why is there a shift in focus from the amount vs quality- how to get high standards across

your company

- Hear from the evolving market on how to incorporate best practise strategies and methods
- Bridge the gap between the engineers and IT departments to ensure a smooth operation across teams and individuals

In addition, there will be 4 [conference workshops](#), taking place on the 2nd and 5th February.

- Measuring the Value of Effective Data Management (Hosted by Ed Evans, Managing Director, NDB)
- Seismic Data Quality (Hosted by Jill Lewis, CEO, Troika International Ltd.)
- Building an Operational Framework for E&P Data Management. (Hosted by Ian Jones, Chief Consultant, Venture Information Management)
- Competency Development in E&P Data and Information Management- The Hows and Whys (Hosted by Simon Cushing, Head of Strategic Consulting, Venture Information Management)

\*This offer is open to new registrations only. Subject to availability and final approval.

For more information on the event or to register visit <http://www.smi-online.co.uk/2015eandpdata4.asp>
